The Grand Army, Woman's Relief Corps and Sons of Veterans Combined Last Night

IN INSTALLATION OF OFFICERS

And Had a Really Enjoyable Time at the Conclusion of the Routine Duties.

THE RELIEF CORPS DID WELL

General Lyon Post, G. A. R., the Woman's Relief Corps and the Sons of Veterans met last night in combination services and installed officers to serve for the coming year. There was a fine turnout and the program was carried into effect in the most pleasing manner without a break or jar.

General Lyon Post installed as follows, with Comrade Fred G. Croxall as installing officer:

Post commander, J. N. Rose.
Senior vice, Henry Thompson.
Junior vice, George Poe.
Chaplain, James C. Allison.
Quartermaster, H. J. Abrams.
Officer of the day, W. B. McCord.
Officer of the guard, N. A. Frederick.
Surgeon, Wm. Beardmore.
Adjutant, Fred G. Croxall.
Quartermaster sergeant, Thomas Arbuckle.

Sergeant major, P. McCloskey.
The Woman's Relief Corps installed the following officers, Mrs. John Rinehart acting as installing officer:

President, Mrs. Emma Palmer.
Senior vice, Mrs. Louise Kirby.
Junior vice, Mrs. Mary Stewart.
Treasurer, Mrs. Martha McKinnon.
Chaplain, Mrs. Emma C. Rose.
Conductor, Mrs. Alla G. Hofman.
Guard, Mrs. Mary Horwell.
Assistant guard, Mrs. Muligan.
Assistant conductor, Mrs. Mary D. Kerr.

Color bearers, No. 1, Mrs. Fannie McCain; No. 2, Mrs. Margaret Calhoun; No. 3, Mrs. Jane Thompson; No. 4, Mrs. Mary Hamilton.

Secretary, Mrs. Lottie Jessop.
Pianist, Miss Minta McLane.

The Sons of Veterans installed the following officers, James A. Calhoun, of Canton, Ohio, acting as installing officer:

Captain, James M. Heckathorne.
First lieutenant, George Obney.
Second lieutenant, J. Frank Flowers.
Camp council, J. J. Rose, H. R. Thompson, W. A. Davis.

Delegates, R. E. Nichols, Archie Seagrigh.

Alternates, H. D. Wible, David Stanley.

Chaplain, Archie Seagrigh.
First Sergeant, F. W. Timmons.
Quartermaster, W. R. Dawson.
Sergeant of guard, J. J. Rose.
Principal musician, W. E. Lytle.
Color sergeant, George Loney.
Corporal of guard, J. E. Bolton.
Camp guard, C. A. Ensign.
Picket guard, Colin McLane.

Installations were conducted in line of seniority, the G. A. R. taking the precedence, followed by the Woman's Relief Corps, and they by the Sons of Veterans. The G. A. R. and the Sons of Veterans carried out their program in the most pleasing manner; but the Woman's Relief Corps easily carried off the honors of the night, their

installation being conducted like the movements of a well regulated piece of machinery, showing careful study, discipline and obedience to orders. Aside from this special feature, the corps has an exceptionally pleasing form of installation, and their regular work shows up in a superb manner.

Mrs. Rinehart won warm commendation for the manner in which she did her duty as installing officer.

Mrs. Fannie Wylie has been conductor for the past year, and last night did her duty like a well drilled and thoroughly disciplined soldier, materially assisting Mrs. Rinehart in duty well performed.

The color bearers form a pleasing feature in the ceremonies consequent upon installation, and they stepped to the music of the piano in a soldiery manner, Miss Minta McLane giving them excellent time and measure.

Mrs. Herbert, retiring officer, has filled her position doing the past year with credit to herself and to the organization. She made a very neat speech when called upon last night. The lady has not missed a single meeting during her term of office.

Mrs. McKinnon, the treasurer-elect of the Woman's Relief Corps, was unable to be present, on account of severe injuries received in the street car runaway on the Calcutta road not long since. Mr. N. A. Frederick retires from the position of treasurer, after serving for twelve years continuously, in the most faithful and satisfactory manner.

Post Commander Rose and Captain Heckathorne made happy speeches, and were heartily applauded.

James A. Calhoun makes a splendid installing officer. He is an old East Liverpool boy, but is at present engaged in the Dueber watch works, Canton.

After routine business had been attended to, the ladies of the Woman's Relief Corps set up an elegant lunch and full justice was done to this feature of the program.

Piano and vocal music held sway for a time, and then a number of short speeches pleased the audience. The comrades and ladies assembled about the piano after adjournment, and a number of old-time war songs made the echoes ring, and brought back precious memories in the hearts of the older men and women present; memories of the days that tried the hearts and souls of the loyal men and women of the nation, when fathers, brothers, husbands and sons went forth to the battle, many of them never returning again, but reporting in the presence of the Great Commander, our Heavenly Father. Peace be to our departed comrades. We hold their memory sacred.

It was almost midnight before the hall was deserted, and the general verdict of those present last night is that the occasion will long be remembered.

A COLD BATH.

A BOY CAME NEAR LOSING HIS LIFE YESTERDAY.

Took a Skate on the River, but the Ice Was Not Thick Enough.

A boy named Morrow came near losing his life in the Ohio river yesterday shortly after 1 o'clock.

The cold weather of the past few days has placed a thin ice on the water and Morrow thought he would have a skate. All went well until he reached a point near the bridge, when the ice broke and let him into the water.

The people of the boat Oregon, which is tied to the shore, heard his cries for help and a skiff was secured and they went to his assistance. It was necessary to again break the ice in order to reach him.

He was taken to shore and after being worked with for a short time was taken to his home on Second street.

Appealed a Case.

Lisbon, Jan. 5.—(Special.)—The case of Jesse Summers against Joseph A. McAllister has been appealed here from a Hanover township court, where Summers recovered judgment for \$65 and costs. There is still \$15 due.

Will Briggs, of East Liverpool, formerly of Steubenville, made an attempt to kill an Hungarian girl at Toronto New Year's night. He had been drinking and was jealous. When he went to the house he was refused admission. He courted the girl while she lived in East Liverpool and since coming to Toronto she jilted him for an Hungarian. He was fined \$36 95, and in default he will have to go to the Canton work house.

A COLD BATH.

A BOY CAME NEAR LOSING HIS LIFE YESTERDAY.

Took a Skate on the River, but the Ice Was Not Thick Enough.

A boy named Morrow came near losing his life in the Ohio river yesterday shortly after 1 o'clock.

The cold weather of the past few days has placed a thin ice on the water and Morrow thought he would have a skate. All went well until he reached a point near the bridge, when the ice broke and let him into the water.

The people of the boat Oregon, which is tied to the shore, heard his cries for help and a skiff was secured and they went to his assistance. It was necessary to again break the ice in order to reach him.

He was taken to shore and after being worked with for a short time was taken to his home on Second street.

Appealed a Case.

Lisbon, Jan. 5.—(Special.)—The case of Jesse Summers against Joseph A. McAllister has been appealed here from a Hanover township court, where Summers recovered judgment for \$65 and costs. There is still \$15 due.

COMING SPRING ELECTION

Four People Have Announced
Their Intention of Getting
In the Race.

ALL ARE FIRST-CLASS MEN

There promises to be a very warm contest for the position of township trustee this spring, as no less than four candidates have announced their intention of asking for the place, and there are more to follow.

It will be remembered that M. Anderson was appointed by Justice Rose to fill the unexpired term of Trustee Thomas Lloyd, deceased, and the fact that Mr. Anderson will not have served but a trifle over a year when the selection is made, he has decided to be a candidate.

He has resided in this city and vicinity almost all his life and is well and favorably known. Mr. Anderson is a resident of the Fourth ward.

Sylvester Kinsey is another aspirant for the position and his friends think he has a first-class chance of winning out. He lives in the Second ward and has served the people of his vicinity in the position of assessor several times in an able and efficient manner.

There are a large number of people who think Thomas Todd, of Fourth street, could have the berth for the asking, and he has decided to make the run. Mr. Todd is from the Third ward and is among the best known residents of the city.

Joseph Kissinger is the fourth man to announce his candidacy and he proposes to make an aggressive fight for the place. There is not a man in the list which has a wider acquaintance, and it is the belief in many quarters that the man who wins out must beat Mr. Kissinger. He hails from the First ward and has had a great deal of experience in the field of politics.

All the candidates announced to the present are old soldiers, and so far as their patronage in that line is concerned their chances will be equal.

It is stated that the Fifth ward will have at least one candidate, and by the time the announcements are all in it is confidently expected that no less than six candidates will be in the field.

EAST PALESTINE COMPANY

Has Leased the New Canonsburg Pottery And Will Make Semi-Porcelain.

The East Palestine Pottery company, W. S. George, manager, have had an unusually successful business year the past season. They increased their manufacturing facilities in kiln capacity, improved machinery and operating and ware rooms about one-third during the year, and close the year with limited stocks. They also have established a new six-kiln plant at Canonsburg, Pa., which will have ware ready for the market this month. This plant is understood to be now leased to the East Palestine company, and will make the same grade of semi-porcelain. This will practically give them the products of a 13-kiln pottery and enable them to meet promptly all the demands of their patrons.

Shall the New Century See Us a World-Power?

(Copyright 1901, by Christian Herald.)

By Spencer Trask.

"What reforms should the new century bring?" is a question so comprehensive, that one hesitates as his mind endeavors to grasp what might result in benefit to mankind, if what should be done, could be done. Not only are we entering upon a new century, but as a people we are entering upon a new phase of national existence. Until within the last few years we have been an almost isolated community. Occupied in the development of our own resources, absorbed in our own political and social life, the strikes, upheavals and changes in other nations have not affected us, except incidentally, or as they may have contributed to our growth. Suddenly we find ourselves a world power. We are called to take part in the council of the nations; the destiny of older civilization and people may depend upon our voice and influence.

What position are we to assume in view of these greater responsibilities? From being a debtor, we have become more or less a creditor nation. From an importing nation, we have become an exporting one; for the four years ending June 30, 1900, our exports have exceeded our imports by over two thousand million dollars. These results have been attained in spite of many obstacles and false theories. The currency question involving also the permanency of the gold standard, has been a disturbing factor for many years. The recent election is now generally believed to have settled the currency question for all time.

For years protection and free trade have been the principal issues between the two great parties struggling for the possession of the government. The last two elections have been won by the Republican party not on the issue of protection, but in spite of it.

since many free traders voted with it, believing for the moment the financial question the more important. It is gradually dawning upon the minds of the most bigoted that we cannot become a world power, adopt the world's gold standard and seek its trade, force its markets and advocate "the open door," and at the same time hold the theory of protection—which is isolation something worse than a Chinese wall of exclusion.

Never in the history of the world has the future given a more inspiring and promising call to a nation to go forth and supply the wants and needs of the whole world than is now given to us. We have within our borders more of the requisites than any other country—vast deposits of mineral ores, unbounded stretches of fertile fields, intelligent workmen, men of inventive genius and executive ability, boundless wealth, courage, enthusiasm.

It requires no great stretch of the imagination to see our country, with a revival of ship building, such as has been gradually going on for the past few years, regaining its former position as a carrier, as well as a producer of the world's products—and this without the assistance of a ship subsidy bill. Before the coming century has half run its course, New York will be the financial center of the world, London now is, and our ships should cover the seas. What is to prevent us making the world our own? It is not to be won by destructive war, relic of barbarism and of heartlessness—but by bringing to them the products of peaceful labor, enriching their lives, ennobling their minds, educating and elevating man's higher nature. This as a nation we can do if we live up to our higher ideals, and seek to be worthy of the great inheritance that has come to us from our fathers.

These results have been attained in spite of many obstacles and false theories. The currency question involving also the permanency of the gold standard, has been a disturbing factor for many years. The recent election is now generally believed to have settled the currency question for all time.

For years protection and free trade have been the principal issues between the two great parties struggling for the possession of the government. The last two elections have been won by the Republican party not on the issue of protection, but in spite of it,

since many free traders voted with it, believing for the moment the financial question the more important. It is gradually dawning upon the minds of the most bigoted that we cannot become a world power, adopt the world's gold standard and seek its trade, force its markets and advocate "the open door," and at the same time hold the theory of protection—which is isolation something worse than a Chinese wall of exclusion.

Never in the history of the world has the future given a more inspiring and promising call to a nation to go forth and supply the wants and needs of the whole world than is now given to us. We have within our borders more of the requisites than any other country—vast deposits of mineral ores, unbounded stretches of fertile fields, intelligent workmen, men of inventive genius and executive ability, boundless wealth, courage, enthusiasm.

It requires no great stretch of the imagination to see our country, with a revival of ship building, such as has been gradually going on for the past few years, regaining its former position as a carrier, as well as a producer of the world's products—and this without the assistance of a ship subsidy bill. Before the coming century has half run its course, New York will be the financial center of the world, London now is, and our ships should cover the seas. What is to prevent us making the world our own? It is not to be won by destructive war, relic of barbarism and of heartlessness—but by bringing to them the products of peaceful labor, enriching their lives, ennobling their minds, educating and elevating man's higher nature. This as a nation we can do if we live up to our higher ideals, and seek to be worthy of the great inheritance that has come to us from our fathers.

FOR MOTHERS.

The period immediately following child-birth is fraught with
many dangers. The strength has been used in the painful ordeal
through which the mother has passed and she finds herself helpless
and weakened. Many mothers, like Mrs. Ford, date the beginning
of their illness from the birth of their child. Indeed the frequent
spectacle of a healthy young woman becoming a chronic invalid
after motherhood is one of the tragedies of life. All this is unneces-
sary, when Wine of Cardui is obtainable. It rehabilitates the
shattered nervous system, strengthens the organs and ligaments, and
re-establishes a healthy, natural condition, saving years of chronic sickness and suffering.
Wine of Cardui taken just before confinement
will render the ordeal comparatively painless.
It will re-enforce and strengthen the organs
for their work. For every trying crisis in a
woman's life, Wine of Cardui is the medicine
to take. Ask your druggist for Wine of
Cardui and take no substitute. If one is
offered send \$1.00 for a bottle to the Chat-
ta-nooga Medicine Company, Chattanooga,
Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites
and falling of the womb, and was in a very dan-
gerous condition. I read one of your home
treatment books, and commenced to treat myself
with Wine of Cardui and Black-Draught.
I am thankful for what the medicine
did for me, and I am now in better
health than I have been for a long time.

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 26, 1899.
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.

OFFICIAL PAPER OF THE CITY

SATURDAY, JANUARY 5, 1901.

DEAD AGAIN.

And now we have the news that Aguinado is dead again. The cunning Filipino leader seems to have as many lives as the far-famed Kilkenny cats.

MAY SOON WALK.

A local paper says, in one of their headings in last night's issue: "River Still Running." It seems a shame that the poor thing shall be forced to "run" all the time, and Humane Agent Miller should see to it that the Ohio river has a chance to "walk" occasionally.

THE BOERS.

The active and fighting element of the Boers is making things exceeding warm for the British troops in the Transvaal. Commander Kitchener terms the struggle "guerilla warfare," and a peace loving element of the Boers is negotiating with Kitchener for favorable terms looking to an ending of the conflict.

CIRCULATION.

Sworn statements backing certain newspapers as to circulation do not amount to a baubee. Even the promise of 24 per cent per annum will not induce long headed business men to invest. "Desperate diseases demand desperate remedies." "A burned child dreads the fire." Selah. To be continued next week.

THE LIGHT CO.

Mr. Healy, the head of our Ceramic Light company, is to be commended for hustling after the Newark, New Jersey, company, and compelling them to put up or shut down. And now it is to be hoped that the Buffalo company will give us the very best lighting capacity the market affords. We await developments.

ANTI-VICE CRUSADE.

The anti-vice crusade means business from center to circumference in the cities of Chicago, Philadelphia and New York, as is evidenced by the fact that the best business and practical men of those great centers, in common with men of unlimited wealth and influence, have charge of affairs. Rascally officials, men who have perjured themselves, are unable to deliver the goods, and have so notified the keepers of gambling houses, brothels, saloons, and kindred dens of vice and sin. In many cases, the perjurers will be held to a strict account. God grant that the anti-vice crusade may take practical form and sweep all over the land, and embrace in its sweep the city of East Liverpool.

BISHOP NINDE.

Bishop W. X. Ninde has passed over. He was a power as an evangelist, a missionary and a bishop, and a power

in the Methodist Episcopal church. Rev. Charles Smith, editor of the church paper at Pittsburg, is talked of as a possible successor of Bishop Ninde. The writer knows Rev. Smith as "Charley Smith," and has been acquainted with him for many years, when he was on duty at Connellsville, Fayette county, Pa., where he married the daughter of Dr. Lindley, a prominent physician at that point, the father, also a warm friend of the writer, objecting to "Charley" on the ground that he was "only a poor Methodist preacher." Carrie Lindley and Charley Smith went off quietly one quiet evening and were united in bonds matrimonial, despite the parental protest, and Dr. Lindley, now deceased, lived long enough to be proud of his son-in-law, and to acknowledge that the latter was a "good Methodist preacher." Dr. Charley Smith is highly esteemed, admired and loved in the church he has served so well, and he would make a worthy successor to Bishop Ninde.

THANK YOU SIR.

He is one of our most influential citizens, and the head of a great pottery establishment of East Liverpool. He stepped into the front office of the News Review the other day, gave the writer the pleasure of a hearty hand shake, and said: "Captain, permit me to congratulate you on the class of paper you are giving our people. It is head and shoulders above all local competitors. I will stand by you all the way through, in case of necessity, and every good citizen of East Liverpool should do the same. You are putting out a paper that is surely in line with the best interests of this city." We thanked this good citizen for his kindly words, and afterwards thanked God for such gracious words from a good man, and took fresh courage, with the determination, by the help of the Master, to battle for clean life and good government all through our earthly career. If every good and conservative and law abiding citizen will take the same stand as the citizen mentioned above, the tough and evil element of this fair city will be relegated to the background, and the members thereof will be forced to behave themselves in a seemly and lawful manner. Thank you, sir.

Situate on the lower side of the extension of Bank street, a paved street which leaves off east side of Avondale street three squares up, lies our

ALPHA ADDITION.

We haven't been saying much about this plan of lots. Rather been letting it take care of itself. In 90 days spring will be here and people, like birds, will be thinking of house building, hence, we now call your especial attention to it. We don't claim that its the finest lying addition in the city, but we do claim that these lots are the best to be had for the money within the same distance from the business center. They are of easy access by reason of the paved street leading to them. Water and gas are there. They have good drainage. They are high enough to be above the fog and smoke, yet not so very far away that street cars are necessary to reach them, nor so high as to be exposed to the fury of the storm, wintry blast or summer heat. Further, while they last there is not a family in the city but what can own a home here within a very short time, for we make the following liberal offer: We will sell them at \$5 cash down, and payments thereafter, averaging \$1 per week, with low rate of interest and when you have paid one-half of the purchase price of the lot, we will have erected for you, according to your own plans, a house of three, four or five rooms, substantially built and complete in every respect, which you can then occupy and pay off the balance in payments from \$8 to \$12 per month, according to price of house. Your rent is costing you that now. Is it not possible for you to spare \$1 a week until you pay a lot one-half off. The prices range from

\$150 to \$275 the Lot.

Situate on the east side of Calcutta Road, about three minutes' walk beyond Riverview cemetery is our

BETA PLAN OF LOTS.

About a score of lots here for sale. They lie on the north and south side of a slightly elevated ridge, a street 50 feet wide running east and west occupying its summit and separating the lots in two tiers. A good view is obtained of the surrounding country, the scope of which takes in Thompson's Boulevard and Park, Riverview Cemetery, part of Gardendale and Maplewood. A beautiful place for a suburban home you will admit upon seeing them. Street cars will be passing this allotment by May. One is as good as another and they are all good, hence we sell at \$125 for choice, payable \$10 down and balance \$5 per month.

Situate adjoining west side of Oakland, (East End) and between Globe street and C. & P. R. R., is the

GAMMA ADDITION.

We had 18 lots here, but a number have been sold. No prettier or nicer lying land in East End than this addition. Several new houses are in the course of erection and prices are stiffening in the locality. \$300 is the full market value, but we still are selling at \$250 each, payable \$25 down and \$10 monthly. No one can make any mistake in buying in East End, for events are trending for its development and improvement.

Situate on that plateau above the West End is

PLEASANT HEIGHTS.

This addition is well known to all. Residences here will be prized by many on account of the pure atmosphere and beautiful view obtained. We have quite a number of lots here. In contemplation of the completion of street car transit to this suburb and the opening up of the shorter route to the city by way of Sheridan avenue, May and Pleasant streets, people are buying these lots. We have a number of the choice ones to offer you at \$100, \$115 and \$125, payable \$10 down and \$5 monthly.

This ad. we devote to these Four Additions—we do not want you to forget, however, that we have properties improved and unimproved, in all parts of the city and vicinity for sale.

OFFICIAL PAPER OF THE CITY

SATURDAY, JANUARY 5, 1901.

DEAD AGAIN.

And now we have the news that Aguinaldo is dead again. The cunning Filipino leader seems to have as many lives as the far-famed Kilkenny cats.

MAY SOON WALK.

A local paper says, in one of their headings in last night's issue: "River Still Running." It seems a shame that the poor thing shall be forced to "run" all the time, and Humane Agent Miller should see to it that the Ohio river has a chance to "walk" occasionally.

THE BOERS.

The active and fighting element of the Boers is making things exceeding warm for the British troops in the Transvaal. Commander Kitchener terms the struggle "guerilla warfare," and a peace loving element of the Boers is negotiating with Kitchener for favorable terms looking to an ending of the conflict.

CIRCULATION.

Sworn statements backing certain newspapers as to circulation do not amount to a baubee. Even the promise of 24 per cent per annum will not induce long headed business men to invest. "Desperate diseases demand desperate remedies." "A burned child dreads the fire." Selah. To be continued next week.

THE LIGHT CO.

Mr. Healy, the head of our Ceramic Light company, is to be commended for hustling after the Newark, New Jersey, company, and compelling them to put up or shut down. And now it is to be hoped that the Buffalo company will give us the very best lighting capacity the market affords. We await developments.

ANTI-VICE CRUSADE.

The anti-vice crusade means business from center to circumference in the cities of Chicago, Philadelphia and New York, as is evidenced by the fact that the best business and practical men of those great centers, in common with men of unlimited wealth and influence, have charge of affairs. Rascally officials, men who have perjured themselves, are unable to deliver the goods, and have so notified the keepers of gambling houses, brothels, saloons, and kindred dens of vice and sin. In many cases, the perjurers will be held to a strict account. God grant that the anti-vice crusade may take practical form and sweep all over the land, and embrace in its sweep the city of East Liverpool.

BISHOP NINDE.

Bishop W. X. Ninde has passed over. He was a power as an evangelist, a missionary and a bishop, and a power

in the Methodist Episcopal church. Rev. Charles Smith, editor of the church paper at Pittsburg, is talked of as a possible successor of Bishop Ninde. The writer knows Rev. Smith as "Charley Smith," and has been acquainted with him for many years, when he was on duty at Connellsville, Fayette county, Pa., where he married the daughter of Dr. Lindley, a prominent physician at that point, the father, also a warm friend of the writer, objecting to "Charley" on the ground that he was "only a poor Methodist preacher." Carrie Lindley and Charley Smith went off quietly one quiet evening and were united in bonds matrimonial, despite the parental protest, and Dr. Lindley, now deceased, lived long enough to be proud of his son-in-law, and to acknowledge that the latter was a "good Methodist preacher." Dr. Charley Smith is highly esteemed, admired and loved in the church he has served so well, and he would make a worthy successor to Bishop Ninde.

THANK YOU SIR.

He is one of our most influential citizens, and the head of a great pottery establishment of East Liverpool. He stepped into the front office of the News Review the other day, gave the writer the pleasure of a hearty hand shake, and said: "Captain, permit me to congratulate you on the class of paper you are giving our people. It is head and shoulders above all local competitors. I will stand by you all the way through, in case of necessity, and every good citizen of East Liverpool should do the same. You are putting out a paper that is surely in line with the best interests of this city." We thanked this good citizen for his kindly words, and afterwards thanked God for such gracious words from a good man, and took fresh courage, with the determination, by the help of the Master, to battle for clean life and good government all through our earthly career. If every good and conservative and law abiding citizen will take the same stand as the citizen mentioned above, the tough and evil element of this fair city will be relegated to the background, and the members thereof will be forced to behave themselves in a seemly and lawful manner. Thank you, sir.

Situate on the lower side of the extension of Bank street, a paved street which leaves off east side of Avondale street three squares up, lies our

ALPHA ADDITION.

We haven't been saying much about this plat of lots. Rather been letting it take care of itself. In 90 days spring will be here and people, like birds, will be thinking of house building, hence, we now call your especial attention to it. We don't claim that its the finest lying addition in the city, but we do claim that these lots are the best to be had for the money within the same distance from the business center. They are of easy access by reason of the paved street leading to them. Water and gas are there. They have good drainage. They are high enough to be above the fog and smoke, yet not so very far away that street cars are necessary to reach them, nor so high as to be exposed to the fury of the storm, wintry blast or summer heat. Further, while they last there is not a family in the city but what can own a home here within a very short time, for we make the following liberal offer: We will sell them at \$5 cash down, and payments thereafter, averaging \$1 per week, with low rate of interest and when you have paid one-half of the purchase price of the lot, we will have erected for you, according to your own plans, a house of three, four or five rooms, substantially built and complete in every respect, which you can then occupy and pay off the balance in payments from \$8 to \$12 per month, according to price of house. Your rent is costing you that now. Is it not possible for you to spare \$1 a week until you pay a lot one-half off. The prices range from

\$150 to \$275 the Lot.

Situate on the east side of Calcutta Road, about three minutes' walk beyond Riverview cemetery is our

BETA PLAN OF LOTS.

About a score of lots here for sale. They lie on the north and south side of a slightly elevated ridge, a street 50 feet wide running east and west occupying its summit and separating the lots in two tiers. A good view is obtained of the surrounding country, the scope of which takes in Thompson's Boulevard and Park, Riverview Cemetery, part of Gardendale and Maplewood. A beautiful place for a suburban home you will admit upon seeing them. Street cars will be passing this allotment by May. One is as good as another and they are all good, hence we sell at \$125 for choice, payable \$10 down and balance \$5 per month.

Situate adjoining west side of Oakland, (East End) and between Globe street and C. & P. R. R., is the

GAMMA ADDITION.

We had 18 lots here, but a number have been sold. No prettier or nicer lying land in East End than this addition. Several new houses are in the course of erection and prices are stiffening in the locality. \$300 is the full market value, but we still are selling at \$250 each, payable \$25 down and \$10 monthly. No one can make any mistake in buying in East End, for events are trending for its development and improvement.

Situate on that plateau above the West End is

PLEASANT HEIGHTS.

This addition is well known to all. Residences here will be prized by many on account of the pure atmosphere and beautiful view obtained. We have quite a number of lots here. In contemplation of the completion of street car transit to this suburb and the opening up of the shorter route to the city by way of Sheridan avenue, May and Pleasant streets, people are buying these lots. We have a number of the choice ones to offer you at \$100, \$115 and \$125, payable \$10 down and \$5 monthly.

THEY WANT SOME FIRE PROTECTION

A Large Number of Houses In
the East End Are With
out Water.

SOLUTION IS VERY SIMPLE

If Residents Will Put Up the
Cash the Water Mains
Will Be

GRANTED ALMOST IMMEDIATELY

Since the fire at the Goddard residence, East End, Wednesday morning, some of the residents of that locality have begun to inquire as to what protection they would have in case of fire.

There are at least 100 dwelling houses in the vicinity of the terminus of the street railway that are absolutely without protection as far as a water supply is concerned, and for the present, at least, it would seem they will be afforded no relief.

The statutes distinctly say that the water works department must realize 6 per cent on every dollar expended upon extensions, and owing to the fact that the extreme east end of the city is so thinly populated, they would not be justified in expending money for a line to that locality.

The question has been asked on many occasions how it is that new additions owned by various land companies are favored by having water service. The solution is very simple. The parties offering the lots for sale pay the necessary money for the extension in order that the value of their property may be enhanced. In the majority of instances this plan has been successful, and there is no reason for its not working out in every case, since as soon as the number of residences will justify and furnish the necessary income for the water department, the money will be refunded. In this way the very first residents of a community of this character will enjoy the benefits of a water supply.

A few months ago some of the residents of Globe street, East End, made application for the extension of the water lines along that thoroughfare, and after a very careful consideration of the matter on the part of the department it was found that the trustees had in the neighborhood of \$300 for the improvement. As the estimated cost of the new section was about \$900 and since the department is not permitted to go beyond their means, the proposition was made to the property holders that they furnish the additional \$600. This they could not see their way clear to do, and the improvement was not made.

Thus it will be seen that until such time as the residents of upper East End or the land companies owning the property are willing to pay for the extension the danger from fire will be as great as ever.

THEY WANT SOME FIRE PROTECTION

A Large Number of Houses In the East End Are With out Water.

SOLUTION IS VERY SIMPLE

If Residents Will Put Up the Cash the Water Mains Will Be

GRANTED ALMOST IMMEDIATELY

Since the fire at the Goddard residence, East End, Wednesday morning, some of the residents of that locality have begun to inquire as to what protection they would have in case of fire.

There are at least 100 dwelling houses in the vicinity of the terminus of the street railway that are absolutely without protection as far as a water supply is concerned, and for the present, at least, it would seem they will be afforded no relief.

The statistics distinctly say that the water works department must realize 6 per cent on every dollar expended upon extensions, and owing to the fact that the extreme east end of the city is so thinly populated, they would not be justified in expending money for a line to that locality.

The question has been asked on many occasions how it is that new additions owned by various land companies are favored by having water service. The solution is very simple. The parties offering the lots for sale pay the necessary money for the extension in order that the value of their property may be enhanced. In the majority of instances this plan has been successful, and there is no reason for its not working out in every case, since as soon as the number of residences will justify and furnish the necessary income for the water department, the money will be refunded. In this way the very first residents of a community of this character will enjoy the benefits of a water supply.

A few months ago some of the residents of Globe street, East End, made application for the extension of the water lines along that thoroughfare, and after a very careful consideration of the matter on the part of the department it was found that the trustees had in the neighborhood of \$300 for the improvement. As the estimated cost of the new section was about \$900 and since the department is not permitted to go beyond their means, the proposition was made to the property holders that they furnish the additional \$600. This they could not see their way clear to do, and the improvement was not made.

Thus it will be seen that until such time as the residents of upper East End or the land companies owning the property are willing to pay for the extension the danger from fire will be as great as ever.

THE GOSPEL CAMPAIGN

Plans Arranged For Work In Philadelphia.

BISHOP FOSS AT THE MEETING.

An Executive Committee of 15 to Look After the Work in the Quaker City. Chairman Hall, of the National Central Committee, Present.

Philadelphia, Jan. 5.—Many leading clergymen and laymen of prominence met here to discuss plans for a twentieth century gospel campaign and crusade against vice in this city, in accordance with the suggestion of the national central committee which is in charge of the movement. Bishop Cyrus D. Foss, of the Methodist Episcopal church, presided. The principal speaker was William Phillips Hall, of New York, chairman of the national central committee. He spoke of the necessity for a genuine religious revival and made numerous suggestions as to the best methods of carrying on the campaign.

An executive committee of 15 was named to arrange a united plan of action to be pursued by the clergy in this city.

A MINISTERS FINE RECORD.

Rev. J. W. Witherspoon Has Been Pastor of an Allegheny City Church About 34 Years.

Pittsburg, Jan. 5.—When the Rev. James W. Witherspoon, pastor of the Fifth United Presbyterian church, Irwin avenue and Filmore street, Allegheny City, delivers his first sermon in the twentieth century, Sunday morning, he will inaugurate the thirty-fifth year of his labors with the congregation of the Fifth church. The twenty-fifth anniversary of Mr. Witherspoon's pastorate was celebrated and he says he may celebrate the thirty-fifth.

In December, 1836, he accepted the call to take charge of a mission at First and East streets, Allegheny City. The mission had about 60 members when Mr. Witherspoon took charge, and he increased the membership and organized the Fifth church. The congregation has prospered ever since, and in 1870 the present church building was erected, the lecture room being occupied in October of that year and the main building being dedicated during April of 1871. The congregation now numbers almost 600. It is not in debt. A source of great pride to the pastor is the fact that the history of the Fifth church contains no records of church quarrels or unpleasantness of any kind.

For 30 years he has been corresponding secretary of the board of Freedmen's mission of his denomination and has practically had charge of the great work of that board. He was elected secretary five years after the board was organized and still holds his office. He is stated clerk of the Allegheny presbytery of the denomination and has held that office since 1870, and for 25 years has been secretary of the board of trustees.

THE BISHOP REMEMBERED.

Friends Called and Presents Sent In Honor of Bishop Phelan's Birthday.

Pittsburg, Jan. 5.—The Rt. Rev. Richard Phelan, bishop of the Roman Catholic diocese of Pittsburg, is closing a celebration of his seventy-first birthday anniversary, which has been going on in a quiet way since New Year's day. This day was an eventful one with the reigning prelate of the Pittsburg diocese. It was the beginning of a new century, the beginning of a new year, and his birthday anniversary. It was a triple celebration, and many of his friends throughout the diocese have been calling to see him since Tuesday. He was requested to allow something noteworthy in the way of a celebration, but would not permit it, saying that the recurrence of his birthday anniversary could prove of little interest to anyone but himself. However, he has not been allowed to forget it by his friends. He was the recipient of a number of presents from various points in the diocese.

Bishop Phelan has been in the Pittsburg diocese as priest and then bishop for 47 years, is intimately acquainted with its history and has contributed largely to the spread of the church of Rome in Western Pennsylvania. He is still hale and hearty, and is said to be enjoying good health, his trip during the summer to Mt. Clemens, Mich., having

resulted in vastly improving his physical condition.

HONOR BISHOP'S MEMORY.

Arrangements Indicate Impressive Services at the Funeral of Ninde. Body to Lie in State.

Detroit, Jan. 5.—Funeral services over the remains of Bishop W. N. Ninde, whose death occurred Thursday, will be held Monday afternoon about 2 o'clock in the Central Methodist church here. So far as the arrangements had been completed they indicated that the services will be the most impressive and elaborate services ever held in the Methodist church in this state, and they will be in keeping with the exalted position deceased held in the church. The body will lie in state in the Central Methodist church from 10 o'clock in the morning until 2 o'clock in the afternoon. Many Methodist church dignitaries from Michigan and other states are expected to be present. Those who have already signified their intention of being in attendance are Bishop E. G. Andrews, of New York, and Bishop John M. Walden, of Cincinnati. Other members of the board of bishops are expected. Active and honorary pallbearers will be selected from the clergy of Detroit, and eulogies will be delivered by prominent clergymen and laymen during the services.

GENERAL BATCHELDER DEAD

At One Time He Was Quarter Master General of the United States Army—Funeral Monday.

Washington, Jan. 5.—General Batchelder, former quarter master general of the army, died here. General Batchelder had been in delicate health for several years past, but his illness did not assume a critical phase until just before the holidays, when he suffered from an attack of angina pectoris.

Interment will be made at Arlington cemetery Monday, after services in All Souls Unitarian church at 10:30 in the morning.

General Batchelder served with distinction during the war, and was awarded a medal of honor for "most distinguished gallantry in action against Mosby's guerrillas." He received the brevet rank of major, lieutenant colonel and colonel, U. S. A., and of major, lieutenant colonel, colonel and brigadier general of volunteers, the latter brigadier general being awarded March 13, 1863, for "faithful and meritorious services during the war." In 1890 he was promoted to brigadier general in the regular army and entered upon his duties as quartermaster general of the army. He retired in 1896. General Batchelder saw considerable service in the quartermaster's department on the Pacific coast, doing duty as chief quartermaster at Portland, Or., and depot quartermaster at San Francisco.

THREE BLOWN TO DEATH.

Others Injured by a Terrible Explosion of Dynamite in New Jersey.

Philadelphia, Jan. 5.—Three men were blown to pieces and a half dozen others were buried and cut by flying debris as the result of a terrific explosion of dynamite at the works of the Repaunoe Chemical company, at Thompsons Point, N. J., a thinly settled spot on the Delaware river, 12 miles below this city.

The killed, who were workmen, were:

Oliver McIlvaine, aged 24, Gibbstown, N. J.

William Whyne, aged 23, Gibbstown, N. J.

John Kirby, aged 23, Thoroughfare, N. J.

The building in which the explosion occurred was a one-and-a-half-story frame affair and was apart from the other portions of the works. The three men killed were its only occupants. The building and machinery were blown high in the air and scattered some distance away. Pieces of the men's flesh were picked up over a hundred feet away from the site of the building.

THE OUTLOOK BRIGHT.

Dun's Review Said There Were Indications of Further Progress—Some Points of Review.

New York, Jan. 5.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says in part:

In spite of the interruption of the holiday, and of the unusually heavy annual settlements in all lines of business, the new year opens with indications of further progress. There is no lack of contracts ordered at steady prices in the country's leading industry; and in some departments of cotton goods there is a better movement, though speculation has depressed the price of raw material. Otherwise, a decline in wheat is the only noteworthy movement in staples. It is explained by the reduction in the flour output at Minneapolis, some mills shutting down, while the foreign demand at Atlantic seaboard cities is not brisk. The ordinary measures of business continue to make gratifying exhibits. No alteration has yet occurred in quotations of iron and steel products, and this industry is on such a firm foundation that most large concerns have maintained wages at the old scale, instead of making the reductions anticipated. Iron ore prices are also unchanged, and no action is now expected until March, although a lower rate was looked for early in January. Coke is firmly held at Connellsville, and there are fewer idle ovens, while the much discussed fall in prices appears confined to inferior qualities at outside furnaces. Pig iron sells freely for delivery up to April and there is no indication of weakness. All finished products are eagerly sought, many large contracts having been placed for structural material, and others are under consideration. An American company is the lowest bidder for the large bridge at Sydney harbor, Australia. The purchase of 700 acres near Pittsburg by a leading steel company indicates great enlargement of its plant. Aside from reduction of wages at blast furnaces in the Mahoning and Shenango valleys, the week's news is most encouraging in this the greatest of American industries.

Wool has again declined, making the average of 100 quotations 19.28 cents, according to Cotes Bros.' circular. Sales at the three chief eastern markets amounted to only 3,121,000 pounds for the week, and there is much uneasiness over the statements of largest stocks at the end of the year, while recent failures have not tended to improve the tone.

THE GOSPEL CAMPAIGN

Plans Arranged For Work In Philadelphia.

BISHOP FOSS AT THE MEETING.

An Executive Committee of 15 to Look After the Work in the Quaker City. Chairman Hall, of the National Central Committee, Present.

Philadelphia, Jan. 5.—Many leading clergymen and laymen of prominence met here to discuss plans for a twentieth century gospel campaign and crusade against vice in this city, in accordance with the suggestion of the national central committee which is in charge of the movement. Bishop Cyrus D. Floss, of the Methodist Episcopal church, presided. The principal speaker was William Phillips Hall, of New York, chairman of the national central committee. He spoke of the necessity for a genuine religious revival and made numerous suggestions as to the best methods of carrying on the campaign.

An executive committee of 15 was named to arrange a united plan of action to be pursued by the clergy in this city.

A MINISTERS FINE RECORD.

Rev. J. W. Witherspoon Has Been Pastor of an Allegheny City Church About 34 Years.

Pittsburg, Jan. 5.—When the Rev. James W. Witherspoon, pastor of the Fifth United Presbyterian church, Irwin avenue and Filmore street, Allegheny City, delivers his first sermon in the twentieth century, Sunday morning, he will inaugurate the thirty-fifth year of his labors with the congregation of the Fifth church. The twenty-fifth anniversary of Mr. Witherspoon's pastorate was celebrated and he says he may celebrate the thirty-fifth.

In December, 1836, he accepted the call to take charge of a mission at First and East streets, Allegheny City. The mission had about 60 members when Mr. Witherspoon took charge, and he increased the membership and organized the Fifth church. The congregation has prospered ever since, and in 1870 the present church building was erected, the lecture room being occupied in October of that year and the main building being dedicated during April of 1871. The congregation now numbers almost 600. It is not in debt. A source of great pride to the pastor is the fact that the history of the Fifth church contains no records of church quarrels or unpleasantness of any kind.

For 30 years he has been corresponding secretary of the board of Freedmen's mission of his denomination and has practically had charge of the great work of that board. He was elected secretary five years after the board was organized and still holds his office. He is stated clerk of the Allegheny presbytery of the denomination and has held that office since 1870, and for 25 years has been secretary of the board of trustees.

THE BISHOP REMEMBERED.

Friends Called and Presents Sent in Honor of Bishop Phelan's Birthday.

Pittsburg, Jan. 5.—The Rt. Rev. Richard Phelan, bishop of the Roman Catholic diocese of Pittsburg, is closing a celebration of his seventy-first birthday anniversary, which has been going on in a quiet way since New Year's day. This day was an eventful one with the reigning prelate of the Pittsburgh diocese. It was the beginning of a new year, and his birthday anniversary. It was a triple celebration, and many of his friends throughout the diocese have been calling to see him since Tuesday. He was requested to allow something noteworthy in the way of a celebration, but would not permit it, saying that the recurrence of his birthday anniversary could prove of little interest to anyone but himself. However, he has not been allowed to forget it by his friends. He was the recipient of a number of presents from various points in the diocese.

Bishop Phelan has been in the Pittsburgh diocese as priest and then bishop for 47 years, is intimately acquainted with its history and has contributed largely to the spread of the church of Rome in Western Pennsylvania. He is still hale and hearty, and is said to be enjoying good health, his trip during the summer to Mt. Clemens, Mich., having

resulted in vastly improving his physical condition.

HONOR BISHOP'S MEMORY.

Arrangements Indicate Impressive Services at the Funeral of Ninde.

Detroit, Jan. 5.—Funeral services over the remains of Bishop W. N. Ninde, whose death occurred Thursday, will be held Monday afternoon about 2 o'clock in the Central Methodist church here. So far as the arrangements had been completed they indicated that the services will be the most impressive and elaborate services ever held in the Methodist church in this state, and they will be in keeping with the exalted position deceased held in the church. The body will lie in state in the Central Methodist church from 10 o'clock in the morning until 2 o'clock in the afternoon. Many Methodist church dignitaries from Michigan and other states are expected to be present. Those who have already signified their intention of being in attendance are Bishop E. G. Andrews, of New York, and Bishop John M. Walden, of Cincinnati. Other members of the board of bishops are expected. Active and honorary pallbearers will be selected from the clergy of Detroit, and eulogies will be delivered by prominent clergymen and laymen during the services.

GENERAL BATCHELDER DEAD

At One Time He Was Quarter Master General of the United States Army—Funeral Monday.

Washington, Jan. 5.—General Batchelder, former quarter master general of the army, died here. General Batchelder had been in delicate health for several years past, but his illness did not assume a critical phase until just before the holidays, when he suffered from an attack of angina pectoris.

Interment will be made at Arlington cemetery Monday, after services in All Souls Unitarian church at 10:30 in the morning.

General Batchelder served with distinction during the war, and was awarded a medal of honor for "most distinguished gallantry in action against Mosby's guerrillas." He received the brevet rank of major, lieutenant colonel and colonel, U. S. A., and of major, lieutenant colonel, colonel and brigadier general of volunteers, the latter brigadier general being awarded March 13, 1863, for "faithful and meritorious services during the war." In 1890 he was promoted to brigadier general in the regular army and entered upon his duties as quartermaster general of the army. He retired in 1896. General Batchelder saw considerable service in the quartermaster's department on the Pacific coast, doing duty as chief quartermaster at Portland, Or., and depot quartermaster at San Francisco.

THREE BLOWN TO DEATH.

Others Injured by a Terrible Explosion of Dynamite in New Jersey.

Philadelphia, Jan. 5.—Three men were blown to pieces and a half dozen others were buried and cut by flying debris as the result of a terrific explosion of dynamite at the works of the Repaunce Chemical company, at Thompsons Point, N. J., a thinly settled spot on the Delaware river, 12 miles below this city.

The killed, who were workmen, were:

Oliver Melvaine, aged 24, Gibbstown, N. J.
William Whyne, aged 23, Gibbstown, N. J.
John Kirby, aged 23, Thoroughfare, N. J.

The building in which the explosion occurred was a one-and-a-half-story frame affair and was apart from the other portions of the works. The three men killed were its only occupants. The building and machinery were blown high in the air and scattered some distance away. Pieces of the men's flesh were picked up over a hundred feet away from the site of the building.

THE OUTLOOK BRIGHT.

Dun's Review Said There Were Indications of Further Progress—Some Points of Review.

New York, Jan. 5.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says in part:

In spite of the interruption of the holiday, and of the unusually heavy annual settlements in all lines of business, the new year opens with indications of further progress. There is no lack of contracts ordered at steady prices in the country's leading industry; and in some departments of cotton goods there is a better movement, though speculation has depressed the price of raw material. Otherwise, a decline in wheat is the only noteworthy movement in staples. It is explained by the reduction in the flour output at Minneapolis, some mills shutting down, while the foreign demand at Atlantic seaboard cities is not brisk. The ordinary measures of business continue to make gratifying exhibits. No alteration has yet occurred in quotations of iron and steel products, and this industry is on such a firm foundation that most large concerns have maintained wages at the old scale, instead of making the reductions anticipated. Iron ore prices are also unchanged, and no action is now expected until March, although a lower rate was looked for early in January. Coke is firmly held at Connellsville, and there are fewer idle ovens, while the much discussed fall in prices appears confined to inferior qualities at outside furnaces. Pig iron sells freely for delivery up to April and there is no indication of weakness. All finished products are eagerly sought, many large contracts having been placed for structural material, and others are under consideration. An American company is the lowest bidder for the large bridge at Sydney harbor, Australia. The purchase of 700 acres near Pittsburg by a leading steel company indicates great enlargement of its plant. Aside from reduction of wages at blast furnaces in the Mahoning and Shenango valleys, the week's news is most encouraging in this the greatest of American industries.

Wool has again declined, making the average of 100 quotations 19.28 cents, according to Cotes Bros' circular. Sales at the three chief eastern markets amounted to only 3,121,000 pounds for the week, and there is much uneasiness over the statements of largest stocks at the end of the year, while recent failures have not tended to improve the tone.

THE GOSPEL CAMPAIGN

Plans Arranged For Work In Philadelphia.

BISHOP FOSS AT THE MEETING.

An Executive Committee of 15 to Look After the Work in the Quaker City. Chairman Hall, of the National Central Committee, Present.

Philadelphia, Jan. 5.—Many leading clergymen and laymen of prominence met here to discuss plans for a twentieth century gospel campaign and crusade against vice in this city, in accordance with the suggestion of the national central committee which is in charge of the movement. Bishop Cyrus D. Foss, of the Methodist Episcopal church, presided. The principal speaker was William Phillips Hall, of New York, chairman of the national central committee. He spoke of the necessity for a genuine religious revival and made numerous suggestions as to the best methods of carrying on the campaign.

An executive committee of 15 was named to arrange a united plan of action to be pursued by the clergy in this city.

A MINISTERS FINE RECORD.

Rev. J. W. Witherspoon Has Been Pastor of an Allegheny City Church About 34 Years.

Pittsburg, Jan. 5.—When the Rev. James W. Witherspoon, pastor of the Fifth United Presbyterian church, Irwin avenue and Filmore street, Allegheny City, delivers his first sermon in the twentieth century, Sunday morning, he will inaugurate the thirty-fifth year of his labors with the congregation of the Fifth church. The twenty-fifth anniversary of Mr. Witherspoon's pastorate was celebrated and he says he may celebrate the thirty-fifth.

In December, 1836, he accepted the call to take charge of a mission at "First and East streets, Allegheny City. The mission had about 60 members when Mr. Witherspoon took charge, and he increased the membership and organized the Fifth church. The congregation has prospered ever since, and in 1870 the present church building was erected, the lecture room being occupied in October of that year and the main building being dedicated during April of 1871. The congregation now numbers almost 600. It is not in debt. A source of great pride to the pastor is the fact that the history of the Fifth church contains no records of church quarrels or unpleasantness of any kind.

For 30 years he has been corresponding secretary of the board of Freedmen's mission of his denomination and has practically had charge of the great work of that board. He was elected secretary five years after the board was organized and still holds his office. He is stated clerk of the Allegheny presbytery of the denomination and has held that office since 1870, and for 25 years has been secretary of the board of trustees.

THE BISHOP REMEMBERED.

Friends Called and Presents Sent In Honor of Bishop Phelan's Birthday.

Pittsburg, Jan. 5.—The Rt. Rev. Richard Phelan, bishop of the Roman Catholic diocese of Pittsburg, is closing a celebration of his seventy-first birthday anniversary, which has been going on in a quiet way since New Year's day. This day was an eventful one with the reigning prelate of the Pittsburgh diocese. It was the beginning of a new century, the beginning of a new year, and his birthday anniversary. It was a triple celebration, and many of his friends throughout the diocese have been calling to see him since Tuesday. He was requested to allow something noteworthy in the way of a celebration, but would not permit it, saying that the recurrence of his birthday anniversary could prove of little interest to anyone but himself. However, he has not been allowed to forget it by his friends. He was the recipient of a number of presents from various points in the diocese.

Bishop Phelan has been in the Pittsburgh diocese as priest and then bishop for 47 years, is intimately acquainted with its history and has contributed largely to the spread of the church of Rome in Western Pennsylvania. He is still hale and hearty, and is said to be enjoying good health, his trip during the summer to Mt. Clemens, Mich., having

resulted in vastly improving his physical condition.

HONOR BISHOP'S MEMORY.

Arrangements Indicate Impressive Services at the Funeral of Nindo. Body to Lie in State.

Detroit, Jan. 5.—Funeral services over the remains of Bishop W. X. Nindo, whose death occurred Thursday, will be held Monday afternoon about 2 o'clock in the Central Methodist church here. So far as the arrangements had been completed they indicated that the services will be the most impressive and elaborate services ever held in the Methodist church in this state, and they will be in keeping with the exalted position deceased held in the church. The body will lie in state in the Central Methodist church from 10 o'clock in the morning until 2 o'clock in the afternoon. Many Methodist church dignitaries from Michigan and other states are expected to be present. Those who have already signified their intention of being in attendance are Bishop E. G. Andrews, of New York, and Bishop John M. Walden, of Cincinnati. Other members of the board of bishops are expected. Active and honorary pallbearers will be selected from the clergy of Detroit, and eulogies will be delivered by prominent clergymen and laymen during the services.

GENERAL BATCHELDER DEAD

At One Time He Was Quarter Master General of the United States Army—Funeral Monday.

Washington, Jan. 5.—General Batchelder, former quarter master general of the army, died here. General Batchelder had been in delicate health for several years past, but his illness did not assume a critical phase until just before the holidays, when he suffered from an attack of angina pectoris.

Interment will be made at Arlington cemetery Monday, after services in All Souls Unitarian church at 10:30 in the morning.

General Batchelder served with distinction during the war, and was awarded a medal of honor for "most distinguished gallantry in action against Mosby's guerrillas." He received the brevet rank of major, lieutenant colonel and colonel, U. S. A., and of major, lieutenant colonel, colonel and brigadier general of volunteers, the latter brigadier general being awarded March 13, 1863, for "faithful and meritorious services during the war." In 1890 he was promoted to brigadier general in the regular army and entered upon his duties as quartermaster general of the army. He retired in 1896. General Batchelder saw considerable service in the quartermaster's department on the Pacific coast, doing duty as chief quartermaster at Portland, Or., and depot quartermaster at San Francisco.

THREE BLOWN TO DEATH.

Others Injured by a Terrible Explosion of Dynamite in New Jersey.

Philadelphia, Jan. 5.—Three men were blown to pieces and a half dozen others were buried and cut by flying debris as the result of a terrific explosion of dynamite at the works of the Repaunee Chemical company, at Thompsons Point, N. J., a thinly settled spot on the Delaware river, 12 miles below this city.

The killed, who were workmen, were:

Oliver Melvaine, aged 24, Gibbstown, N. J.
William Whyne, aged 23, Gibbstown, N. J.
John Kirby, aged 23, Thorofare, N. J.

The building in which the explosion occurred was a one-and-a-half-story frame affair and was apart from the other portions of the works. The three men killed were its only occupants. The building and machinery were blown high in the air and scattered some distance away. Pieces of the men's flesh were picked up over a hundred feet away from the site of the building.

THE OUTLOOK BRIGHT.

Dun's Review Said There Were Indications of Further Progress—Some Points of Review.

New York, Jan. 5.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says in part:

In spite of the interruption of the holiday, and of the unusually heavy annual settlements in all lines of business, the new year opens with indications of further progress. There is no lack of contracts ordered at steady prices in the country's leading industry; and in some departments of cotton goods there is a better movement, though speculation has depressed the price of raw material. Otherwise, a decline in wheat is the only noteworthy movement in staples. It is explained by the reduction in the flour output at Minneapolis, some mills shutting down, while the foreign demand at Atlantic seaboard cities is not brisk. The ordinary measures of business continue to make gratifying exhibits. No alteration has yet occurred in quotations of iron and steel products, and this industry is on such a firm foundation that most large concerns have maintained wages at the old scale, instead of making the reductions anticipated. Iron ore prices are also unchanged, and no action is now expected until March, although a lower rate was looked for early in January. Coke is firmly held at Connellsville, and there are fewer idle ovens, while the much discussed fall in prices appears confined to inferior qualities at outside furnaces. Pig iron sells freely for delivery up to April and there is no indication of weakness. All finished products are eagerly sought, many large contracts having been placed for structural material, and others are under consideration. An American company is the lowest bidder for the large bridge at Sydney harbor, Australia. The purchase of 700 acres near Pittsburg by a leading steel company indicates great enlargement of its plant. Aside from reduction of wages at blast furnaces in the Mahoning and Shenango valleys, the week's news is most encouraging in this the greatest of American industries.

Wool has again declined, making the average of 100 quotations 19.28 cents, according to Coates Bros.' circular. Sales at the three chief eastern markets amounted to only 3,121,000 pounds for the week, and there is much uneasiness over the statements of largest stocks at the end of the year, while recent failures have not tended to improve the tone.

TO PROHIBIT LIQUOR.

Resolution to Prevent Sale to Uncivilized Passed Senate.

HARRISON WROTE IN ITS FAVOR.

Among Other Business, the Army Bill Was Discussed—Hoar Proposed a Commission to Investigate the Entire Philippine Question.

Washington, Jan. 5.—During the course of a session of the senate Mr. Lodge favorably reported from the committee on foreign relations the following resolution and asked for its immediate consideration:

"That in the opinion of this body the time has come when the principle, twice affirmed in international treaties for Central Africa, that native races should be protected against the destructive traffic in intoxicants, should be extended to all uncivilized peoples by the enactment of such laws and the making of such treaties as will effectually prohibit the sale by the signatory powers to aboriginal tribes and uncivilized races of opium and intoxicating beverages."

Mr. Sewell expressed a desire to have more light thrown upon the resolution, but as it was about to be sent to the calendar the New Jersey senator said he had no wish to delay the resolution and it was adopted.

The senate committee which reported this resolution had before it petitions signed by numerous individuals and associations from 23 states, which were presented by the reform bureau. That bureau has received a letter from ex-President Harrison saying: "It does seem to me as if the Christian nations of the world ought to be able to make their contact with the weaker peoples of the earth beneficent and not destructive, and I give to your efforts to secure helpful legislation my warmest sympathy."

The resolution was offered Thursday by Mr. Pettigrew for information with reference to the Philippines was referred to the Philippine committee.

Mr. Jones, of Arkansas, offered a resolution directing the committee on military affairs to inquire on what the charges made by Major Hawkes against Colonel Heistand are based, and report whether there should be an investigation by the senate. The charges were that Colonel Heistand, who is from Ohio, and is now with Chaffee, told Hawkes that Adjutant General Corbin, Governor Allen, of Porto Rico, and other high department officers were interested in an effort to control the hemp industry in the Philippines. The resolution was sent to the military committee.

Later the army reorganization bill was taken up. The debate took a wide range at times, but was confined principally to the question of the necessity for the increase in the regular army provided for in the pending measure.

The Philippine question was threshed over at great length, but few really new points were advanced. It was urged by the supporters of the army bill that the situation in the Philippines demanded the increase of the army proposed. This was controverted by the opposition senators, who, while they were willing, in a general way, to provide for such temporary force as might be needful, were vigorously opposed to the creation of a permanent standing army of 100,000 men.

Speeches were made by Mr. Carter, of Montana; Mr. Teller, of Colorado; Mr. Hoar, of Massachusetts; Mr. Stewart, of Nevada, and Mr. Caffery, of Louisiana. One of the sharpest colloquies of the session was between Mr. Carter and Mr. Wellington, of Maryland, and in the course of it the Alaskan boundary dispute was brought forward prominently. The Maryland senator charging that the president had relinquished sovereignty over territory the title of which, he maintained, was vested clearly in the United States.

Mr. Hoar advanced a proposition to create a commission, to be composed of all shades of political opinion, to investigate the entire Philippine question and report its findings to congress, in order that a basis might be formed for intelligent action.

Some slight progress was made toward the completion of the pending measure.

THE OLMSTED RESOLUTION.

Finally Referred to Census Committee. Some Restrictions Not in Sympathy With Resolution.

Washington, Jan. 5.—The house

had another spirited struggle over the Olmsted resolution to investigate the abridgement of the suffrage in certain southern states, with a view to reapportionment upon the actual basis of suffrage. It was finally referred to the census committee, where the opposition desired it to go originally. Some of the Republican leaders were not in sympathy with the resolution. Mr. Olmsted tried to get Mr. Hopkins to agree that the committee would consider the resolution within a week, but the chairman of the census committee declined to make any pledge to that effect. The debate upon the resolution was marked by exceeding frankness. Some of the southern members avowed that the attempt to enfranchise the negro had been a lamentable failure, and the action of several states in legally eliminating the blacks as factors at the polls, they said, was in the interest of civilization and progress.

Mr. McDermott, of New Jersey, asserted that every state in the Union either added to or subtracted from the constitutional requirements of voters, and challenged any member to show, to the contrary, one that did not. After the resolution had been thus disposed of the reapportionment bill was taken up and debated by Mr. Hopkins, of Illinois, and Mr. Shafroth, of Colorado. An attempt to agree upon a time for the final vote on the bill failed.

PRISON INSTEAD OF DEATH.

Some Sentences of Military Courts in Philippines Changed—Some Captures, Etc., Reported.

Manila, Jan. 5.—Generals Wheaton and Bates reported some small captures, destruction of some insurgent camps and seizure of some supplies, some animals and some other necessities. Among the captures in Smith's district was Colonel Techon, the insurgent governor of Tarlac. General Grant was personally in command of a mounted expedition in the mountains of Southern Pampanga, which, he says, was the only locality where the insurgents are in force in his district.

Insurgents entered Gapan and San Isidro, in General Fuster's district, during the night and burned a score of houses. Their firing was ineffective.

General MacArthur commuted several death sentences of military courts to imprisonment.

The enactment of the school bill has been deferred on account of the desire of the Filipinos to be heard on the bill as completed. It differs radically from the one prepared by Superintendent Atkinson and endorsed by General MacArthur. The latter appropriated \$1,650,000 outright to be disbursed through Mr. Atkinson under the supervision of General MacArthur. The completed bill directly appropriated only \$40,000 and reserved to the commission authority over plans for school houses and also required Mr. Atkinson to report to both General MacArthur and the commission.

The commission authorized the department of public instruction to proceed with the business entrusted to its administration.

Some inquiries were received here from the provinces concerning the federal party. The organizers were establishing a daily newspaper and three weeklies, to be published in Spanish and Tagalog, in the provinces of Pampanga.

A LAWYER THREATENED.

He Was Aiding in Prosecution of a Desperado—Had Body Guard—One Desperado Sentenced.

Wheeling, Jan. 5.—There was a sensational war in Belmont county, O., arising out of the trials of Leonard Stevens and Barney Divine, desperadoes, hailing from Zanesville, O., charged with the murder of a 15-year-old boy, Clarence Warrick, last spring. Stevens early this week was found guilty of first degree murder and given life imprisonment. Divine's trial for the same crime was proceeding at the county seat, St. Clairsville.

Judge J. B. Driggs, of Bridgeport, who was assisting the prosecuting attorney in the prosecutions, appeared in court guarded by "Tuck" Thompson, of Bridgeport, who stays with him almost constantly. Friends of the judge, too, are assisting in guarding him. This state of affairs arises from threats of bodily harm which have been made by a brother of Barney Divine and other friends of the latter. The judge was shadowed for several nights and his friends were greatly alarmed. There was great indignation over this, and if the judge should be harmed swift justice might be meted out to his assailants.

LIABLE TO DISEASE.

Tobasco Sauce May Have So Made Booz's Throat.

ONE PHYSICIAN SO TESTIFIED.

Four Members of Booz Family Among Witnesses—Ex-Mayor Breth, of Altoona, Pa., May Be a Witness Before the Congressional Committee Today.

Philadelphia, Jan. 5.—The Booz congressional committee, which was recently appointed by Speaker Henderson for the purpose of making inquiry into the cause of the death of Oscar Booz at West Point and to investigate hazing at the military academy, began the taking of testimony. Three sessions were held. The committee, which consists of Charles Dick, of Ohio, chairman; E. H. Driggs, New York; Irving P. Wanger, Pennsylvania; B. T. Clayton, New York, and W. I. Smith, Iowa, went to Bristol, Pa., the home of the Booz family, and heard the testimony of four members of that family. Four physicians who attended Oscar Booz were heard and last night in Philadelphia two more physicians and two other witnesses were given an opportunity to tell what they knew of the case.

Most of the evidence adduced has already been brought out by the military board of inquiry, appointed by the war department. Probably the most important point learned was the fact that one of the physicians had attended Oscar Booz for acute laryngitis previous to his going to West Point. The administration of tobacco sauce, it was testified by a throat expert, was sufficient to cause an irritation of the effected part of the larynx, which would have made Booz liable to the lodgment of tuberculosis germs. A physician who examined the cadet previous to his entrance to West Point testified that his lung expansion was not normal, and that he was not what might be termed a good specimen of physical manhood. A great mass of medical testimony was heard in relation to Booz's general physical condition.

The congressional committee will again go to Bristol today to hear other witnesses and later in the day will sit in this city. Ex-Mayor Breth, of Altoona, Pa., whose son, it is alleged, died from an ailment indirectly due from hazing at West Point, and former Cadet Punham, of Kentucky, a classmate of Booz, may appear before the committee today.

Annapolis, Md., Jan. 5.—A searching inquiry was held at the naval academy by the senior medical officer, the officer in charge of the ships, and the commanding officer of the marines into the charges of ill treatment made by friends of Private Marine Hobart Green, who died on board the Santee, Dec. 14. The report has gone to the navy department. It was proved conclusively that there was nothing in the charges of ill treatment and neglect preferred by friends of the young man, to which it was claimed Green was subjected to while suffering from pneumonia.

After the statements it was deemed unnecessary to appoint an investigation board. The facts showed that Green had the best of care, excellent medical treatment and every attention during his illness.

DECEPTION BY CHINESE.

Discovered That Some Notes Were Raised in Indemnities Paid For Missions Destroyed.

Shanghai, Jan. 5.—The French intended to send a force overland from Tonkin to Chen Tu should the Chinese court go there.

"It is reported on the best authority," said the Chinese newspaper, Chung Wei Jih Pao, "that a foreign power, probably the British, will resort to force, first seizing Chu Nan, unless the persons guilty of the massacre of Christians at Chue Now are beheaded."

It was considered possible that Sir Ernest Mason Satow, British minister to China, was moving in the Chue Now affair.

Among the bank notes which the Chinese paid to the foreign consuls as indemnity for the missions destroyed at She Klung were 5-pound notes that had been raised to 15-pound notes and 10-pound notes that had been raised to 100-pound notes.

Ebony was esteemed as an article of luxury by the ancients. In India it was employed by kings for scepters and images and as it was supposed to annul the power of poisons was often made into drinking cups.

After Marriage

They are going to be together just as much as before; going to ride the wheel, take little pleasure jaunts, etc., enjoying everything together. Isn't that what many a young couple promise each other? And yet, how very soon the wife begins to say "No, I don't think I care to go. You go alone, dear."

Young women don't reckon on the great physical changes which follow marriage. How can they when they are allowed to grow up in entire ignorance of vital physiological facts? They feel languid, weak and nervous. Sometimes there is headache and backache. The pulse no more leaps in answer to the thought of a spin on the wheel. Women who have used Dr. Pierce's Favorite Prescription, know how promptly the languor, headache, backache, nervousness and weakness are cured by this medicine. Many husbands write in gratitude to Dr. Pierce for the medicine which gives them back the wife's companionship, as it gives her back her health.

"All praise is due to you for your wonderful 'Favorite Prescription,'" writes Mr. John W. Coffman, of Hillsburg, Casey Co., Ky. "My wife suffered with female irregularity; was confined to bed every three weeks. After using two bottles of Dr. Pierce's Favorite Prescription she was cured, and has not suffered any derangement since. Your 'Favorite Prescription' is a boon to delicate women."

There is no alcohol in "Favorite Prescription," and it is entirely free from opium, cocaine and all other narcotics.

TO PROHIBIT LIQUOR.

Resolution to Prevent Sale to Uncivilized Passed Senate.

HARRISON WROTE IN ITS FAVOR.

Among Other Business, the Army Bill Was Discussed—Hoar Proposed a Commission to Investigate the Entire Philippine Question.

Washington, Jan. 5.—During the course of a session of the senate Mr. Lodge favorably reported from the committee on foreign relations the following resolution and asked for its immediate consideration:

"That in the opinion of this body the time has come when the principle, twice affirmed in international treaties for Central Africa, that native races should be protected against the destructive traffic in intoxicants, should be extended to all uncivilized peoples by the enactment of such laws and the making of such treaties as will effectually prohibit the sale by the signatory powers to aboriginal tribes and uncivilized races of opium and intoxicating beverages."

Mr. Sewell expressed a desire to have more light thrown upon the resolution, but as it was about to be sent to the calendar the New Jersey senator said he had no wish to delay the resolution and it was adopted.

The senate committee which reported this resolution had before it petitions signed by numerous individuals and associations from 23 states, which were presented by the reform bureau. That bureau has received a letter from ex-President Harrison saying: "It does seem to me as if the Christian nations of the world ought to be able to make their contact with the weaker peoples of the earth beneficent and not destructive, and I give to your efforts to secure helpful legislation my warmest sympathy."

The resolution was offered Thursday by Mr. Pettigrew for information with reference to the Philippines was referred to the Philippine committee.

Mr. Jones, of Arkansas, offered a resolution directing the committee on military affairs to inquire on what the charges made by Major Hawkes against Colonel Heistand are based, and report whether there should be an investigation by the senate. The charges were that Colonel Heistand, who is from Ohio, and is now with Chaffee, told Hawkes that Adjutant General Corbin, Governor Allen, of Porto Rico, and other high department officers were interested in an effort to control the hemp industry in the Philippines. The resolution was sent to the military committee.

Later the army reorganization bill was taken up. The debate took a wide range at times, but was confined principally to the question of the necessity for the increase in the regular army provided for in the pending measure.

The Philippine question was threshed over at great length, but few really new points were advanced. It was urged by the supporters of the army bill that the situation in the Philippines demanded the increase of the army proposed. This was controverted by the opposition senators, who, while they were willing, in a general way, to provide for such temporary force as might be needful, were vigorously opposed to the creation of a permanent standing army of 100,000 men.

Speeches were made by Mr. Carter, of Montana; Mr. Teller, of Colorado; Mr. Hoar, of Massachusetts; Mr. Stewart, of Nevada, and Mr. Caffery, of Louisiana. One of the sharpest colloquies of the session was between Mr. Carter and Mr. Wellington, of Maryland, and in the course of it the Alaskan boundary dispute was brought forward prominently, the Maryland senator charging that the president had relinquished sovereignty over territory the title of which, he maintained, was vested clearly in the United States.

Mr. Hear advanced a proposition to create a commission, to be composed of all shades of political opinion, to investigate the entire Philippine question and report its findings to congress, in order that a basis might be formed for intelligent action.

Some slight progress was made toward the completion of the pending measure.

THE OLMSTED RESOLUTION.

Finally Referred to Census Committee. Some Republicans Not in Sympathy With Resolution.

Washington, Jan. 5.—The house

had another spirited struggle over the Olmsted resolution to investigate the abridgement of the suffrage in certain southern states, with a view to reapportionment upon the actual basis of suffrage. It was finally referred to the census committee, where the opposition desired it to go originally. Some of the Republican leaders were not in sympathy with the resolution. Mr. Olmsted tried to get Mr. Hopkins to agree that the committee would consider the resolution within a week, but the chairman of the census committee declined to make any pledge to that effect. The debate upon the resolution was marked by exceeding frankness. Some of the southern members avowed that the attempt to enfranchise the negro had been a lamentable failure, and the action of several states in legally eliminating the blacks as factors at the polls, they said, was in the interest of civilization and progress.

Mr. McDermott, of New Jersey, asserted that every state in the Union either added to or subtracted from the constitutional requirements of voters, and challenged any member to show, to the contrary, one that did not. After the resolution had been thus disposed of the reapportionment bill was taken up and debated by Mr. Hopkins, of Illinois, and Mr. Shafroth, of Colorado. An attempt to agree upon a time for the final vote on the bill failed.

PRISON INSTEAD OF DEATH.

Some Sentences of Military Courts in Philippines Changed—Some Captures, Etc., Reported.

Manila, Jan. 5.—Generals Wheaton and Bates reported some small captures, destruction of some insurgent camps and seizure of some supplies, some animals and some other necessities. Among the captures in Smith's district was Colonel Techon, the insurgent governor of Tarlac.

General Grant was personally in command of a mounted expedition in the mountains of Southern Pampanga, which, he says, was the only locality where the insurgents are in force in his district.

Insurgents entered Gapan and San Isidro, in General Fumster's district, during the night and burned a score of houses. Their firing was ineffective.

General MacArthur commuted several death sentences of military courts to imprisonment.

The enactment of the school bill has been deferred on account of the desire of the Filipinos to be heard on the bill as completed. It differs radically from the one prepared by Superintendent Atkinson and endorsed by General MacArthur. The latter appropriated \$1,650,000 outright to be disbursed through Mr. Atkinson under the supervision of General MacArthur. The completed bill directly appropriated only \$40,000 and reserved to the commission authority over plans for school houses and also required Mr. Atkinson to report to both General MacArthur and the commission.

The commission authorized the department of public instruction to proceed with the business entrusted to its administration.

Some inquiries were received here from the provinces concerning the federal party. The organizers were establishing a daily newspaper and three weeklies, to be published in Spanish and Tagalog, in the provinces of Pampanga.

A LAWYER THREATENED.

He Was Aiding in Prosecution of a Desperado—Had Body Guard—One Desperado Sentenced.

Wheeling, Jan. 5.—There was a sensational war in Belmont county, O., arising out of the trials of Leonard Stevens and Barney Divine, desperadoes, hailing from Zanesville, O., charged with the murder of a 15-year-old boy, Clarence Warrick, last spring. Stevens early this week was found guilty of first degree murder and given life imprisonment. Divine's trial for the same crime was proceeding at the county seat, St. Clairsville.

Judge J. B. Driggs, of Bridgeport, who was assisting the prosecuting attorney in the prosecutions, appeared in court guarded by "Tuck" Thompson, of Bridgeport, who stays with him almost constantly. Friends of the judge, too, are assisting in guarding him. This state of affairs arises from threats of bodily harm which have been made by a brother of Barney Divine and other friends of the latter. The judge was shadowed for several nights and his friends were greatly alarmed. There was great indignation over this, and if the judge should be harmed swift justice might be meted out to his assailants.

LIABLE TO DISEASE.

Tobacco Sauce May Have So Made Booz's Throat.

ONE PHYSICIAN SO TESTIFIED.

Four Members of Booz Family Among Witnesses—Ex-Mayor Breth, of Altoona, Pa., May Be a Witness Before the Congressional Committee Today.

Philadelphia, Jan. 5.—The Booz congressional committee, which was recently appointed by Speaker Henderson for the purpose of making inquiry into the cause of the death of Oscar Booz at West Point and to investigate hazing at the military academy, began the taking of testimony. Three sessions were held. The committee, which consists of Charles Dick, of Ohio, chairman; E. H. Driggs, New York; Irving P. Wanger, Pennsylvania; B. T. Clayton, New York, and W. I. Smith, Iowa, went to Bristol, Pa., the home of the Booz family, and heard the testimony of four members of that family. Four physicians who attended Oscar Booz were heard and last night in Philadelphia two more physicians and two other witnesses were given an opportunity to tell what they knew of the case.

Most of the evidence adduced has already been brought out by the military board of inquiry, appointed by the war department. Probably the most important point learned was the fact that one of the physicians had attended Oscar Booz for acute laryngitis previous to his going to West Point. The administration of tobacco sauce, it was testified by a throat expert, was sufficient to cause an irritation of the effected part of the larynx, which would have made Booz liable to the lodgment of tuberculosis germs. A physician who examined the cadet previous to his entrance to West Point testified that his lung expansion was not normal, and that he was not what might be termed a good specimen of physical manhood. A great mass of medical testimony was heard in relation to Booz's general physical condition.

The congressional committee will again go to Bristol today to hear other witnesses and later in the day will sit in this city. Ex-Mayor Breth, of Altoona, Pa., whose son, it is alleged, died from an ailment indirectly due from hazing at West Point, and former Cadet Burnham, of Kentucky, a classmate of Booz, may appear before the committee today.

Annapolis, Md., Jan. 5.—A searching inquiry was held at the naval academy by the senior medical officer, the officer in charge of the ships, and the commanding officer of the marines into the charges of ill treatment made by friends of Private Marine Hobart Green, who died on board the Santee, Dec. 14. The report has gone to the navy department. It was proved conclusively that there was nothing in the charge of ill treatment and neglect preferred by friends of the young man, to which it was claimed Green was subjected to while suffering from pneumonia. After the statements it was deemed unnecessary to appoint an investigation board. The facts showed that Green had the best of care, excellent medical treatment and every attention during his illness.

DECEPTION BY CHINESE.

Discovered That Some Notes Were Raised in Indemnities Paid For Missions Destroyed.

Shanghai, Jan. 5.—The French intended to send a force overland from Tonkin to Chen Tu should the Chinese court go there.

"It is reported on the best authority," said the Chinese newspaper, Chung Wei Jih Pao, "that a foreign power, probably the British, will resort to force, first seizing Chu Ran, unless the persons guilty of the massacre of Christians at Chue Now are beheaded."

It was considered possible that Sir Ernest Mason Satow, British minister to China, was moving in the Chue Now affair.

Among the bank notes which the Chinese paid to the foreign consuls as indemnity for the missions destroyed at She Klung were 5-pound notes that had been raised to 15-pound notes and 10-pound notes that had been raised to 100-pound notes.

Ebony was esteemed as an article of luxury by the ancients. In India it was employed by kings for scepters and images and as it was supposed to annul the power of poisons was often made into drinking cups.

After Marriage

They are going to be together just as much as before; going to ride the wheel, take little pleasure jaunts, etc., enjoying everything together. Isn't that what many a young couple promise each other? And yet, how very soon the wife begins to say "No, I don't think I care to go. You go alone, dear."

Young women don't reckon on the great physical changes which follow marriage. How can they when they are allowed to grow up in entire ignorance of vital physiological facts? They feel languid, weak and nervous. Sometimes there is headache and backache. The pulse no more leaps in answer to the thought of a spin on the wheel. Women who have used Dr. Pierce's Favorite Prescription, know how promptly the languor, headache, backache, nervousness and weakness are cured by this medicine. Many husbands write in gratitude to Dr. Pierce for the medicine which gives them back the wife's companionship, as it gives her back her health.

"All praise is due to you for your wonderful 'Favorite Prescription,'" writes Mr. John W. Coffman, of Hillsburg, Casey Co., Ky. "My wife suffered with female irregularity; was confined to bed every three weeks. After using two bottles of Dr. Pierce's Favorite Prescription she was cured, and has not suffered any derangement since. Your 'Favorite Prescription' is a boon to delicate women."

There is no alcohol in "Favorite Prescription," and it is entirely free from opium, cocaine and all other narcotics.

THE EVENING NEWS REVIEW.

16TH YEAR. NO. 176.

EAST LIVERPOOL, O., SATURDAY, JANUARY 5, 1901.

TWO CENTS

INSTALLATION OF OFFICERS

The Grand Army, Woman's Relief Corps and Sons of Veterans Combined Last Night

IN INSTALLATION OF OFFICERS

And Had a Really Enjoyable Time at the Conclusion of the Routine Duties.

THE RELIEF CORPS DID WELL

General Lyon Post, G. A. R., the Woman's Relief Corps and the Sons of Veterans met last night in combination services and installed officers to serve for the coming year. There was a fine turnout and the program was carried into effect in the most pleasing manner without a break or jar.

General Lyon Post installed as follows, with Comrade Fred G. Croxall as installing officer:

Post commander, J. N. Rose.
Senior vice, Henry Thompson.
Junior vice, George Poe.
Chaplain, James C. Allison.
Quartermaster, H. J. Abrams.
Officer of the day, W. B. McCord.
Officer of the guard, N. A. Frederick.
Surgeon, Wm. Beardmore.
Adjutant, Fred G. Croxall.
Quartermaster sergeant, Thomas Arbuckle.

Sergeant major, P. McCloskey.
The Woman's Relief Corps installed the following officers, Mrs. John Rinehart acting as installing officer:

President, Mrs. Emma Palmer.
Senior vice, Mrs. Louise Kirby.
Junior vice, Mrs. Mary Stewart.
Treasurer, Mrs. Martha McKinnon.
Chaplain, Mrs. Emma C. Rose.
Conductor, Mrs. Alla G. Hofman.
Guard, Mrs. Mary Horwell.
Assistant guard, Mrs. Muligan.
Assistant conductor, Mrs. Mary D. Kerr.

Color bearers, No. 1, Mrs. Fannie McCain; No. 2, Mrs. Margaret Calhoun; No. 3, Mrs. Jane Thompson; No. 4, Mrs. Mary Hamilton.

Secretary, Mrs. Lottie Jessop.

Pianist, Miss Minta McLane.

The Sons of Veterans installed the following officers, James A. Calhoun, of Canton, Ohio, acting as installing officer:

Captain, James M. Heckathorne.
First lieutenant, George Obney.
Second lieutenant, J. Frank Flowers.
Camp council, J. J. Rose, H. R. Thompson, W. A. Davis.
Delegates, R. E. Nichols, Archie Searight.

Alternates, H. D. Wible, David Stanley.

Chaplain, Archie Searight.
First Sergeant, F. W. Timmons.
Quartermaster, W. R. Dawson.
Sergeant of guard, J. J. Rose.
Principal musician, W. E. Lytle.
Color sergeant, George Lones.
Corporal of guard, J. E. Bolton.
Camp guard, C. A. Ensign.
Picket guard, Colin McLane.

Installations were conducted in line of seniority, the G. A. R. taking the precedence, followed by the Woman's Relief Corps, and they by the Sons of Veterans. The G. A. R. and the Sons of Veterans carried out their program in the most pleasing manner; but the Woman's Relief Corps easily carried off the honors of the night, their

installation being conducted like the movements of a well regulated piece of machinery, showing careful study, discipline and obedience to orders. Aside from this special feature, the corps has an exceptionally pleasing form of installation, and their regular work shows up in a superb manner.

Mrs. Rinehart won warm commendation for the manner in which she did her duty as installing officer.

Mrs. Fannie Wylie has been conductor for the past year, and last night did her duty like a well drilled and thoroughly disciplined soldier, materially assisting Mrs. Rinehart in duty well performed.

The color bearers form a pleasing feature in the ceremonies consequent upon installation, and they stepped to the music of the piano in a soldierly manner, Miss Minta McLane giving them excellent time and measure.

Mrs. Herbert, retiring officer, has filled her position doing the past year with credit to herself and to the organization. She made a very neat speech when called upon last night. The lady has not missed a single meeting during her term of office.

Mrs. McKinnon, the treasurer-elect of the Woman's Relief Corps, was unable to be present, on account of severe injuries received in the street car runaway on the Calcutta road not long since. Mr. N. A. Frederick retires from the position of treasurer, after serving for twelve years continuously, in the most faithful and satisfactory manner.

Post Commander Rose and Captain Heckathorne made happy speeches, and were heartily applauded.

James A. Calhoun makes a splendid installing officer. He is an old East Liverpool boy, but is at present engaged in the Dueber watch works, Canton.

After routine business had been attended to, the ladies of the Woman's Relief Corps set up an elegant lunch and full justice was done to this feature of the program.

Piano and vocal music held sway for a time, and then a number of short speeches pleased the audience. The comrades and ladies assembled about the piano after adjournment, and a number of old-time war songs made the echoes ring, and brought back precious memories in the hearts of the older men and women present; memories of the days that tried the hearts and souls of the loyal men and women of the nation, when fathers, brothers, husbands and sons went forth to the battle, many of them never returning again, but reporting in the presence of the Great Commander, our Heavenly Father. Peace be to our departed comrades. We hold their memory sacred.

It was almost midnight before the hall was deserted, and the general verdict of those present last night is that the occasion will long be remembered.

FIRST M. E. CHURCH

At the Meeting Held Last Night an Intense Interest Was Manifested.

The services last night at the First M. E. church were largely attended and intense interest was manifested throughout the meeting. The pastor preached an eloquent sermon on the call found in Revelations. Three persons were converted.

The meetings are growing in power every night and the service last night was the largest attended of the week. Services will be held again tonight.

A COLD BATH.

A BOY CAME NEAR LOSING HIS LIFE YESTERDAY.

Took a Skate on the River, but the Ice Was Not Thick Enough.

A boy named Morrow came near losing his life in the Ohio river yesterday shortly after 1 o'clock.

The cold weather of the past few days has placed a thin ice on the water and Morrow thought he would have a skate. All went well until he reached a point near the bridge, when the ice broke and let him into the water.

The people of the boat Oregon, which is tied to the shore, heard his cries for help and a skiff was secured and they went to his assistance. It was necessary to again break the ice in order to reach him.

He was taken to shore and after being worked with for a short time was taken to his home on Second street.

Appealed a Case.

Lisbon, Jan. 5.—(Special.)—The case of Jesse Summers against Joseph A. McAllister has been appealed here from a Hanover township court, where Summers recovered judgment for \$65 and costs. There is still \$15 due.

WILL ENTER INTO A NEW CONTRACT

The Ceramic City Light Company Has Become Tired of Waiting On

THAT NEWARK, N. J., FIRM

A Buffalo Concern Will Get Their Business and It Is Expected That

THE CITY WILL GET GOOD LIGHT

The Ceramic City Light company have become weary of waiting for the Newark (N. J.) firm, with whom they have a contract, to move in the matter of furnishing a new and satisfactory service in this city, and will on Monday enter into a contract with a Buffalo house.

For many weeks the local company have been making strenuous efforts to better the system in this city, and have done everything that mechanical skill and knowledge of the electrical business would accomplish toward that end, but the fault lies with the firm furnishing the lamps and other appliances.

On Monday the deal will be made with the new firm, and it is likely that within a very short time East Liverpool will be furnished with a system second to none.

CANDIDATES FOR TOWNSHIP TRUSTEE

There Will Be a Whole Lot of
Them In the Field At
The

COMING SPRING ELECTION

Four People Have Announced
Their Intention of Getting
In the Race.

ALL ARE FIRST-CLASS MEN

There promises to be a very warm contest for the position of township trustee this spring, as no less than four candidates have announced their intention of asking for the place, and there are more to follow.

It will be remembered that M. Anderson was appointed by Justice Rose to fill the unexpired term of Trustee Thomas Lloyd, deceased, and the fact that Mr. Anderson will not have served but a trifle over a year when the selection is made, he has decided to be a candidate.

He has resided in this city and vicinity almost all his life and is well and favorably known. Mr. Anderson is a resident of the Fourth ward.

Sylvester Kinsey is another aspirant for the position and his friends think he has a first-class chance of winning out. He lives in the Second ward and has served the people of his vicinity in the position of assessor several times in an able and efficient manner.

There are a large number of people who think Thomas Todd, of Fourth street, could have the berth for the asking, and he has decided to make the run. Mr. Todd is from the Third ward and is among the best known residents of the city.

Joseph Kissinger is the fourth man to announce his candidacy and he proposes to make an aggressive fight for the place. There is not a man in the list which has a wider acquaintance, and it is the belief in many quarters that the man who wins out must beat Mr. Kissinger. He hails from the First ward and has had a great deal of experience in the field of politics.

All the candidates announced to the present are old soldiers, and so far as their patronage in that line is concerned their chances will be equal.

It is stated that the Fifth ward will have at least one candidate, and by the time the announcements are all in it is confidently expected that no less than six candidates will be in the field.

EAST PALESTINE COMPANY

Has Leased the New Canonsburg Pottery And Will Make Semi-Porcelain.

The East Palestine Pottery company, W. S. George, manager, have had an unusually successful business year the past season. They increased their manufacturing facilities in kiln capacity, improved machinery and operating and ware rooms about one-third during the year, and close the year with limited stocks. They also have established a new six-kiln plant at Canonsburg, Pa., which will have ware ready for the market this month. This plant is understood to be now leased to the East Palestine company, and will make the same grade of semi-porcelain. This will practically give them the products of a 13-kiln pottery and enable them to meet promptly all the demands of their patrons.

Shall the New Century See Us a World-Power?

(Copyright 1901, by Christian Herald.)

By Spencer Trask.

"What reforms should the new century bring?" is a question so comprehensive, that one hesitates as his mind endeavors to grasp what might result in benefit to mankind, if what should be done, could be done. Not only are we entering upon a new century, but as a people we are entering upon a new phase of national existence. Until within the last few years we have been an almost isolated community. Occupied in the development of our own resources, absorbed in our own political and social life, the strikes, upheavals and changes in other nations have not affected us, except incidentally, or as they may have contributed to our growth. Suddenly we find ourselves a world power. We are called to take part in the council of the nations; the destiny of older civilization and people may depend upon our voice and influence.

What position are we to assume in view of these greater responsibilities? From being a debtor, we have become more or less a creditor nation. From an importing nation, we have become an exporting one; for the four years ending June 30, 1900, our exports have exceeded our imports by over two thousand million dollars. These results have been attained in spite of many obstacles and false theories. The currency question involving also the permanency of the gold standard, has been a disturbing factor for many years. The recent election is now generally believed to have settled the currency question for all time.

For years protection and free trade have been the principal issues between the two great parties struggling for the possession of the government. The last two elections have been won by the Republican party not on the issue of protection, but in spite of it.

since many free traders voted with it, believing for the moment the financial question the more important. It is gradually dawning upon the minds of the most bigoted that we cannot become a world power, adopt the world's gold standard and seek its trade, force its markets and advocate "the open door," and at the same time hold the theory of protection—which is isolation something worse than a Chinese wall of exclusion.

Never in the history of the world has the future given a more inspiring and promising call to a nation to go forth and supply the wants and needs of the whole world than is now given to us. We have within our borders more of the requisites than any other country—vast deposits of mineral ores, unbounded stretches of fertile fields, intelligent workmen, men of inventive genius and executive ability, boundless wealth, courage, enthusiasm.

It requires no great stretch of the imagination to see our country, with a revival of ship building, such as has been gradually going on for the past few years, regaining its former position as a carrier, as well as a producer of the world's products—and this without the assistance of a ship subsidy bill. Before the coming century has half run its course, New York will be the financial center of the world, London now is, and our ships should cover the seas. What is to prevent us making the world our own? It is not to be won by destructive war, relic of barbarism and of heartlessness—but by bringing to them the products of peaceful labor, enriching their lives, ennobling their minds, educating and elevating man's higher nature. This as a nation we can do if we live up to our higher ideals, and seek to be worthy of the great inheritance that has come to us from our fathers.

CHILD STEALING.

Each Offense Has a Penitentiary Punishment With a Heavy Fine in Ohio.

Just at this time when so much kidnapping is being done throughout the country it may be of interest to many to know what the Ohio laws say about such actions. These laws are as follows:

Section 6824—Whoever kidnaps or forcibly or fraudulently carries off, or decoys out of this state, any person, or arrests or imprisons any person with the intention of having such person carried out of this state, unless it be in the pursuance of the law thereof shall be imprisoned in the penitentiary not more than seven nor less than one year.

Child Stealing.

Section 6825—Whoever leads, takes, carries, decoys or entices away a child under the age of 12 years with the

intent unlawfully to detain or conceal such child from its parents, guardian, or other person, who has the lawful charge or custody, and whoever, with the intent aforesaid, knowingly, abhors or conceals any such child so lead, (led), taken, carried, decoyed, or induced away, shall be imprisoned in the penitentiary not more than 20 years nor less than one year.

Blackmail.

Section 6830—Whoever either verbally or by any letter or writing, or written or printed communication, sent or delivered by him, demands of any person, with menaces, any chattel, money or valuable security, * * * or with intent to compel the person threatened to do any act against his will, with the intent aforesaid, shall be imprisoned in the penitentiary not more than five years nor less than one year, and may be fined not more than one thousand dollars.

FOR MOTHERS.

The period immediately following child-birth is fraught with
many dangers. The strength has been used in the painful ordeal
through which the mother has passed and she finds herself helpless
and weakened. Many mothers, like Mrs. Ford, date the beginning
of their illness from the birth of their child. Indeed the frequent
spectacle of a healthy young woman becoming a chronic invalid
after motherhood is one of the tragedies of life. All this is unneces-
sary, when Wine of Cardui is obtainable. It rehabilitates the
shattered nervous system, strengthens the organs and ligaments, and
re-establishes a healthy, natural condition,
saving years of chronic sickness and suffering.
Wine of Cardui taken just before confinement
will render the ordeal comparatively painless.
It will re-enforce and strengthen the organs
for their work. For every trying crisis in a
woman's life, Wine of Cardui is the medicine
to take. Ask your druggist for Wine of
Cardui and take no substitute. If one is
offered send \$1.00 for a bottle to the Chat-
ta-nooga Medicine Company, Chattanooga,
Tenn.

OFFICIAL PAPER OF THE CITY

SATURDAY, JANUARY 5, 1901.

DEAD AGAIN.

And now we have the news that Aguinaldo is dead again. The cunning Filipino leader seems to have as many lives as the far-famed Kilkenny cats.

MAY SOON WALK.

A local paper says, in one of their headings in last night's issue: "River Still Running." It seems a shame that the poor thing shall be forced to "run" all the time, and Humane Agent Miller should see to it that the Ohio river has a chance to "walk" occasionally.

THE BOERS.

The active and fighting element of the Boers is making things exceeding warm for the British troops in the Transvaal. Commander Kitchener terms the struggle "guerilla warfare," and a peace loving element of the Boers is negotiating with Kitchener for favorable terms looking to an ending of the conflict.

CIRCULATION.

Sworn statements backing certain newspapers as to circulation do not amount to a baubee. Even the promise of 24 per cent per annum will not induce long headed business men to invest. "Desperate diseases demand desperate remedies." "A burned child dreads the fire." Selah. To be continued next week.

THE LIGHT CO.

Mr. Healy, the head of our Ceramic Light company, is to be commended for hustling after the Newark, New Jersey, company, and compelling them to put up or shut down. And now it is to be hoped that the Buffalo company will give us the very best lighting capacity the market affords. We await developments.

ANTI-VICE CRUSADE.

The anti-vice crusade means business from center to circumference in the cities of Chicago, Philadelphia and New York, as is evidenced by the fact that the best business and practical men of those great centers, in common with men of unlimited wealth and influence, have charge of affairs. Ras-cally officials, men who have perjured themselves, are unable to deliver the goods, and have so notified the keepers of gambling houses, brothels, saloons, and kindred dens of vice and sin. In many cases, the perjurers will be held to a strict account. God grant that the anti-vice crusade may take practical form and sweep all over the land, and embrace in its sweep the city of East Liverpool.

BISHOP NINDE.

Bishop W. X. Ninde has passed over. He was a power as an evangelist, a missionary and a bishop, and a power

in the Methodist Episcopal church. Rev. Charles Smith, editor of the church paper at Pittsburg, is talked of as a possible successor of Bishop Ninde. The writer knows Rev. Smith as "Charley Smith," and has been acquainted with him for many years, when he was on duty at Connellsville, Fayette county, Pa., where he married the daughter of Dr. Lindley, a prominent physician at that point, the father, also a warm friend of the writer, objecting to "Charley" on the ground that he was "only a poor Methodist preacher." Carrie Lindley and Charley Smith went off quietly one quiet evening and were united in bonds matrimonial, despite the parental protest, and Dr. Lindley, now deceased, lived long enough to be proud of his son-in-law, and to acknowledge that the latter was a "good Methodist preacher." Dr. Charley Smith is highly esteemed, admired and loved in the church he has served so well, and he would make a worthy successor to Bishop Ninde.

THANK YOU SIR.

He is one of our most influential citizens, and the head of a great pottery establishment of East Liverpool. He stepped into the front office of the News Review the other day, gave the writer the pleasure of a hearty hand shake, and said: "Captain, permit me to congratulate you on the class of paper you are giving our people. It is head and shoulders above all local competitors. I will stand by you all the way through, in case of necessity, and every good citizen of East Liverpool should do the same. You are putting out a paper that is surely in line with the best interests of this city." We thanked this good citizen for his kindly words, and afterwards thanked God for such gracious words from a good man, and took fresh courage, with the determination, by the help of the Master, to battle for clean life and good government all through our earthly career. If every good and conservative and law abiding citizen will take the same stand as the citizen mentioned above, the tough and evil element of this fair city will be relegated to the background, and the members thereof will be forced to behave themselves in a seemly and lawful manner. Thank you, sir.

Situate on the lower side of the extension of Bank street, a paved street which leaves off east side of Avondale street three squares up, lies our

ALPHA ADDITION.

We haven't been saying much about this plan of lots. Rather been letting it take care of itself. In 90 days spring will be here and people, like birds, will be thinking of house building, hence, we now call your especial attention to it. We don't claim that its the finest lying addition in the city, but we do claim that these lots are the best to be had for the money within the same distance from the business center. They are of easy access by reason of the paved street leading to them. Water and gas are there. They have good drainage. They are high enough to be above the fog and smoke, yet not so very far away that street cars are necessary to reach them, nor so high as to be exposed to the fury of the storm, wintry blast or summer heat. Further, while they last there is not a family in the city but what can own a home here within a very short time, for we make the following liberal offer: We will sell them at \$5 cash down, and payments thereafter, averaging \$1 per week, with low rate of interest and when you have paid one-half of the purchase price of the lot, we will have erected for you, according to your own plans, a house of three, four or five rooms, substantially built and complete in every respect, which you can then occupy and pay off the balance in payments from \$8 to \$12 per month, according to price of house. Your rent is costing you that now. Is it not possible for you to spare \$1 a week until you pay a lot one-half off. The prices range from

\$150 to \$275 the Lot.

Situate on the east side of Calcutta Road, about three minutes' walk beyond Riverview cemetery is our

BETA PLAN OF LOTS.

About a score of lots here for sale. They lie on the north and south side of a slightly elevated ridge, a street 50 feet wide running east and west occupying its summit and separating the lots in two tiers. A good view is obtained of the surrounding country, the scope of which takes in Thompson's Boulevard and Park, Riverview Cemetery, part of Gardendale and Maplewood. A beautiful place for a suburban home you will admit upon seeing them. Street cars will be passing this allotment by May. One is as good as another and they are all good, hence we sell at \$125 for choice, payable \$10 down and balance \$5 per month.

Situate adjoining west side of Oakland, (East End) and between Globe street and C. & P. R. R., is the

GAMMA ADDITION.

We had 18 lots here, but a number have been sold. No prettier or nicer lying land in East End than this addition. Several new houses are in the course of erection and prices are stiffening in the locality. \$300 is the full market value, but we still are selling at \$250 each, payable \$25 down and \$10 monthly. No one can make any mistake in buying in East End, for events are trending for its development and improvement.

Situate on that plateau above the West End is

PLEASANT HEIGHTS.

This addition is well known to all. Residences here will be prized by many on account of the pure atmosphere and beautiful view obtained. We have quite a number of lots here. In contemplation of the completion of street car transit to this suburb and the opening up of the shorter route to the city by way of Sheridan avenue, May and Pleasant streets, people are buying these lots. We have a number of the choice ones to offer you at \$100, \$115 and \$125, payable \$10 down and \$5 monthly.

This ad. we devote to these Four Additions—we do not want you to forget, however, that we have properties improved and unimproved, in all parts of the city and vicinity for sale.

THEY WANT SOME FIRE PROTECTION

A Large Number of Houses In
the East End Are With
out Water.

SOLUTION IS VERY SIMPLE

If Residents Will Put Up the
Cash the Water Mains
Will Be

GRANTED ALMOST IMMEDIATELY

Since the fire at the Goddard residence, East End, Wednesday morning, some of the residents of that locality have begun to inquire as to what protection they would have in case of fire.

There are at least 100 dwelling houses in the vicinity of the terminus of the street railway that are absolutely without protection as far as a water supply is concerned, and for the present, at least, it would seem they will be afforded no relief.

The statutes distinctly say that the water works department must realize 6 per cent on every dollar expended upon extensions, and owing to the fact that the extreme east end of the city is so thinly populated, they would not be justified in expending money for a line to that locality.

The question has been asked on many occasions how it is that new additions owned by various land companies are favored by having water service. The solution is very simple. The parties offering the lots for sale pay the necessary money for the extension in order that the value of their property may be enhanced. In the majority of instances this plan has been successful, and there is no reason for its not working out in every case, since as soon as the number of residences will justify and furnish the necessary income for the water department, the money will be refunded. In this way the very first residents of a community of this character will enjoy the benefits of a water supply.

A few months ago some of the residents of Globe street, East End, made application for the extension of the water lines along that thoroughfare, and after a very careful consideration of the matter on the part of the department it was found that the trustees had in the neighborhood of \$300 for the improvement. As the estimated cost of the new section was about \$900 and since the department is not permitted to go beyond their means, the proposition was made to the property holders that they furnish the additional \$600. This they could not see their way clear to do, and the improvement was not made.

Thus it will be seen that until such time as the residents of upper East End or the land companies owning the property are willing to pay for the extension the danger from fire will be as great as ever.

THE GOSPEL CAMPAIGN

Plans Arranged For Work In Philadelphia.

BISHOP FOSS AT THE MEETING.

An Executive Committee of 15 to Look After the Work in the Quaker City. Chairman Hall, of the National Central Committee, Present.

Philadelphia, Jan. 5.—Many leading clergymen and laymen of prominence met here to discuss plans for a twentieth century gospel campaign and crusade against vice in this city, in accordance with the suggestion of the national central committee which is in charge of the movement. Bishop Cyrus D. Floss, of the Methodist Episcopal church, presided. The principal speaker was William Phillips Hall, of New York, chairman of the national central committee. He spoke of the necessity for a genuine religious revival and made numerous suggestions as to the best methods of carrying on the campaign.

An executive committee of 15 was named to arrange a united plan of action to be pursued by the clergy in this city.

A MINISTERS FINE RECORD.

Rev. J. W. Witherspoon Has Been Pastor of an Allegheny City Church About 34 Years.

Pittsburg, Jan. 5.—When the Rev. James W. Witherspoon, pastor of the Fifth United Presbyterian church, Irwin avenue and Filmore street, Allegheny City, delivers his first sermon in the twentieth century, Sunday morning, he will inaugurate the thirty-fifth year of his labors with the congregation of the Fifth church.

The twenty-fifth anniversary of Mr. Witherspoon's pastorate was celebrated and he says he may celebrate the thirty-fifth.

In December, 1836, he accepted the call to take charge of a mission at First and East streets, Allegheny City. The mission had about 60 members when Mr. Witherspoon took charge, and he increased the membership and organized the Fifth church. The congregation has prospered ever since, and in 1870 the present church building was erected, the lecture room being occupied in October of that year and the main building being dedicated during April of 1871. The congregation now numbers almost 600. It is not in debt. A source of great pride to the pastor is the fact that the history of the Fifth church contains no records of church quarrels or unpleasantness of any kind.

For 30 years he has been corresponding secretary of the board of Freedmen's mission of his denomination and has practically had charge of the great work of that board. He was elected secretary five years after the board was organized and still holds his office. He is stated clerk of the Allegheny presbytery of the denomination and has held that office since 1870, and for 25 years has been secretary of the board of trustees.

THE BISHOP REMEMBERED.

Friends Called and Presents Sent In Honor of Bishop Phelan's Birthday.

Pittsburg, Jan. 5.—The Rt. Rev. Richard Phelan, bishop of the Roman Catholic diocese of Pittsburg, is closing a celebration of his seventy-first birthday anniversary, which has been going on in a quiet way since New Year's day. This day was an eventful one with the reigning prelate of the Pittsburgh diocese. It was the beginning of a new century, the beginning of a new year, and his birthday anniversary. It was a triple celebration, and many of his friends throughout the diocese have been calling to see him since Tuesday. He was requested to allow something noteworthy in the way of a celebration, but would not permit it, saying that the recurrence of his birthday anniversary could prove of little interest to anyone but himself. However, he has not been allowed to forget it by his friends. He was the recipient of a number of presents from various points in the diocese.

Bishop Phelan has been in the Pittsburgh diocese as priest and then bishop for 47 years, is intimately acquainted with its history and has contributed largely to the spread of the church of Rome in Western Pennsylvania. He is still hale and hearty, and is said to be enjoying good health, his trip during the summer to Mt. Clemens, Mich., having

resulted in vastly improving his physical condition.

HONOR BISHOP'S MEMORY.

Arrangements Indicate Impressive Services at the Funeral of Ninde.

Detroit, Jan. 5.—Funeral services over the remains of Bishop W. X. Ninde, whose death occurred Thursday, will be held Monday afternoon about 2 o'clock in the Central Methodist church here. So far as the arrangements had been completed they indicated that the services will be the most impressive and elaborate services ever held in the Methodist church in this state, and they will be in keeping with the exalted position deceased held in the church. The body will lie in state in the Central Methodist church from 10 o'clock in the morning until 2 o'clock in the afternoon. Many Methodist church dignitaries from Michigan and other states are expected to be present. Those who have already signified their intention of being in attendance are Bishop E. G. Andrews, of New York, and Bishop John M. Walden, of Cincinnati. Other members of the board of bishops are expected. Active and honorary pallbearers will be selected from the clergy of Detroit, and eulogies will be delivered by prominent clergymen and laymen during the services.

GENERAL BATCHELDER DEAD

At One Time He Was Quarter Master General of the United States Army—Funeral Monday.

Washington, Jan. 5.—General Batchelder, former quarter master general of the army, died here. General Batchelder had been in delicate health for several years past, but his illness did not assume a critical phase until just before the holidays, when he suffered from an attack of angina pectoris.

Interment will be made at Arlington cemetery Monday, after services in All Souls Unitarian church at 10:30 in the morning.

General Batchelder served with distinction during the war, and was awarded a medal of honor for "most distinguished gallantry in action against Mosby's guerrillas." He received the brevet rank of major, lieutenant colonel and colonel, U. S. A., and of major, lieutenant colonel, colonel and brigadier general of volunteers, the latter brigadier general being awarded March 13, 1863, for "faithful and meritorious services during the war." In 1890 he was promoted to brigadier general in the regular army and entered upon his duties as quartermaster general of the army. He retired in 1896. General Batchelder saw considerable service in the quartermaster's department on the Pacific coast, doing duty as chief quartermaster at Portland, Or., and depot quartermaster at San Francisco.

THREE BLOWN TO DEATH.

Others Injured by a Terrible Explosion of Dynamite in New Jersey.

Philadelphia, Jan. 5.—Three men were blown to pieces and a half dozen others were buried and cut by flying debris as the result of a terrific explosion of dynamite at the works of the Repaunee Chemical company, at Thompsons Point, N. J., a thinly settled spot on the Delaware river, 12 miles below this city.

The killed, who were workmen, were:

Oliver McIlvaine, aged 24, Gibbstown, N. J.

William Whyne, aged 23, Gibbstown, N. J.

John Kirby, aged 23, Thoroughfare, N. J.

The building in which the explosion occurred was a one-and-a-half-story frame affair and was apart from the other portions of the works. The three men killed were its only occupants. The building and machinery were blown high in the air and scattered some distance away. Pieces of the men's flesh were picked up over a hundred feet away from the site of the building.

THE OUTLOOK BRIGHT.

Dun's Review Said There Were Indications of Further Progress—Some Points of Review.

New York, Jan. 5.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says in part:

In spite of the interruption of the holiday, and of the unusually heavy annual settlements in all lines of business, the new year opens with indications of further progress. There is no lack of contracts offered at steady prices in the country's leading industry; and in some departments of cotton goods there is a better movement, though speculation has depressed the price of raw material. Otherwise, a decline in wheat is the only noteworthy movement in staples. It is explained by the reduction in the flour output at Minneapolis, some mills shutting down, while the foreign demand at Atlantic seaboard cities is not brisk. The ordinary measures of business continue to make gratifying exhibits. No alteration has yet occurred in quotations of iron and steel products, and this industry is on such a firm foundation that most large concerns have maintained wages at the old scale, instead of making the reductions anticipated. Iron ore prices are also unchanged, and no action is now expected until March, although a lower rate was looked for early in January. Coke is firmly held at Connellsville, and there are fewer idle ovens, while the much discussed fall in prices appears confined to inferior qualities at outside furnaces. Pig iron sells freely for delivery up to April and there is no indication of weakness. All finished products are eagerly sought, many large contracts having been placed for structural material, and others are under consideration. An American company is the lowest bidder for the large bridge at Sydney harbor, Australia. The purchase of 700 acres near Pittsburg by a leading steel company indicates great enlargement of its plant. Aside from reduction of wages at blast furnaces in the Mahoning and Shenango valleys, the week's news is most encouraging in this the greatest of American industries.

Wool has again declined, making the average of 100 quotations 19.28 cents, according to Coates Bros.' circular. Sales at the three chief eastern markets amounted to only 3,121,000 pounds for the week, and there is much uneasiness over the statements of largest stocks at the end of the year, while recent failures have not tended to improve the tone.

Pittsburg, Jan. 5.—The Rev. T. Ross Paden, who has been called to the pastorate of the Westminster Presbyterian church, Allegheny City, is to preach his first sermon Sunday morning. At a meeting of the Allegheny presbytery on Tuesday he was received and arrangements made for his installation by a committee of presbytery Jan. 17.

TO PROHIBIT LIQUOR.

Resolution to Prevent Sale to
Uncivilized Passed Senate.

HARRISON WROTE IN ITS FAVOR.

Among Other Business, the Army Bill
Was Discussed—Hear Proposed a Com-
mission to Investigate the Entire Phil-
ippine Question.

Washington, Jan. 5.—During the
course of a session of the senate Mr.
Lodge favorably reported from the
committee on foreign relations the
following resolution and asked for its
immediate consideration:

"That in the opinion of this body
the time has come when the principle,
twice affirmed in international
treaties for Central Africa, that na-
tive races should be protected against
the destructive traffic in intoxicants,
should be extended to all uncivilized
peoples by the enactment of such
laws and the making of such treaties
as will effectually prohibit the sale
by the signatory powers to aboriginal
tribes and uncivilized races of opium
and intoxicating beverages."

Mr. Sewell expressed a desire to
have more light thrown upon the
resolution, but as it was about to be
sent to the calendar the New Jersey
senator said he had no wish to delay
the resolution and it was adopted.

The senate committee which re-
ported this resolution had before it
petitions signed by numerous individ-
uals and associations from 23 states,
which were presented by the reform
bureau. That bureau has received
a letter from ex-President Harrison
saying: "It does seem to me as if
the Christian nations of the world
ought to be able to make their con-
tact with the weaker peoples of the
earth beneficent and not destructive,
and I give to your efforts to secure
helpful legislation my warmest sym-
pathy."

The resolution was offered Thurs-
day by Mr. Pettigrew for information
with reference to the Philippine com-
mittee.

Mr. Jones, of Arkansas, offered a
resolution directing the committee on
military affairs to inquire on what
the charges made by Major Hawkes
against Colonel Helstead are based,
and report whether there should be
an investigation by the senate. The
charges were that Colonel Helstead,
who is from Ohio, and is now with
Chaffee, told Hawkes that Adjutant
General Corbin, Governor Allen, of
Porto Rico, and other high depart-
ment officers were interested in an
effort to control the hemp industry in
the Philippines. The resolution was
sent to the military committee.

Later the army reorganization bill
was taken up. The debate took a
wide range at times, but was
confined principally to the question
of the necessity for the increase in
the regular army provided for in the
pending measure.

The Philippine question was
threshed over at great length, but
few really new points were advanced.
It was urged by the supporters of
the army bill that the situation in the
Philippines demanded the increase of
the army proposed. This was contro-
verted by the opposition senators,
who, while they were willing, in a
general way, to provide for such tem-
porary force as might be needful,
were vigorously opposed to the crea-
tion of a permanent standing army of
100,000 men.

Speeches were made by Mr. Carter,
of Montana; Mr. Teller, of Colorado;
Mr. Hoar, of Massachusetts; Mr.
Stewart, of Nevada, and Mr. Caffery,
of Louisiana. One of the sharpest
colloquies of the session was between
Mr. Carter and Mr. Wellington, of
Maryland, and in the course of it
the Alaskan boundary dispute was
brought forward prominently, the
Maryland senator charging that the
president had relinquished sov-
erignty over territory the title of
which he maintained, was vested
clearly in the United States.

Mr. Hoar advanced a proposition
to create a commission, to be com-
posed of all shades of political opin-
ion, to investigate the entire Phil-
ippine question and report its findings
to congress, in order that a basis
might be formed for intelligent ac-
tion.

Some slight progress was made to-
ward the completion of the pending
measure.

THE OLMSTED RESOLUTION.

Finally Referred to Census Committee.
Some Republicans Not In Sym-
pathy With Resolution.

Washington, Jan. 5.—The house

had another spirited struggle over
the Olmsted resolution to investigate
the abridgement of the suffrage in
certain southern states, with a view
to reapportionment upon the actual
basis of suffrage. It was finally re-
ferred to the census committee, where
the opposition desired it to go origi-
nally. Some of the Republican leaders
were not in sympathy with the resolu-
tion. Mr. Olmsted tried to get Mr.
Hopkins to agree that the committee
would consider the resolution within
a week, but the chairman of the cen-
sus committee declined to make any
pledge to that effect. The debate
upon the resolution was marked by
exceeding frankness. Some of the
southern members avowed that the
attempt to enfranchise the negro had
been a lamentable failure, and the
action of several states in legally
eliminating the blacks as factors at
the polls, they said, was in the inter-
est of civilization and progress.

Mr. McDermott, of New Jersey, as-
serted that every state in the Union
either added to or subtracted from
the constitutional requirements of
voters, and challenged any member
to show, to the contrary, one that did
not. After the resolution had been
thus disposed of the reapportionment
bill was taken up and debated by
Mr. Hopkins, of Illinois, and Mr.
Shafroth, of Colorado. An attempt to
agree upon a time for the final vote
on the bill failed.

PRISON INSTEAD OF DEATH.

Some Sentences of Military Courts in
Philippines Changed—Some Cap-
tures, Etc., Reported.

Manila, Jan. 5.—Generals Wheaton
and Bates reported some small cap-
tures, destruction of some insurgent
camps and seizure of some supplies,
some animals and some other neces-
sities. Among the captures in Smith's
district was Colonel Techoon, the in-
surgent governor of Tarlac.

General Grant was personally in
command of a mounted expedition in
the mountains of Southern Pampanga,
which, he says, was the only lo-
cality where the insurgents are in
force in his district.

Insurgents entered Gapan and San
Isidro, in General Fustner's district,
during the night and burned a score
of houses. Their firing was ineffec-
tive.

General MacArthur commuted sev-
eral death sentences of military
courts to imprisonment.

The enactment of the school bill
has been deferred on account of the
desire of the Filipinos to be heard
on the bill as completed. It differs
radically from the one prepared by
Superintendent Atkinson and endorsed
by General MacArthur. The latter
appropriated \$1,650,000 outright to
be disbursed through Mr. Atkinson
under the supervision of General Mac-
Arthur. The completed bill directly
appropriated only \$40,000 and reserved
to the commission authority over
plans for school houses and also re-
quired Mr. Atkinson to report to both
General MacArthur and the commis-
sion.

The commission authorized the de-
partment of public instruction to pro-
ceed with the business entrusted to
its administration.

Some inquiries were received here
from the provinces concerning the
federal party. The organizers were
establishing a daily newspaper and
three weeklies, to be published in
Spanish and Tagalog, in the provinces
of Pampanga.

A LAWYER THREATENED.

He Was Aiding in Prosecution of a Des-
perado—Had Body Guard—One
Desperado Sentenced.

Wheeling Jan. 5.—There was a sen-
sational war in Belmont county, O.,
arising out of the trials of Leonard
Stevens and Barney Divine, desper-
ados, hailing from Zanesville, O.,
charged with the murder of a 15-
year-old boy, Clarence Warrick, last
spring. Stevens early this week was
found guilty of first degree murder
and given life imprisonment. Di-
vine's trial for the same crime was
proceeding at the county seat, St.
Clairsville.

Judge J. B. Driggs, of Bridgeport,
who was assisting the prosecuting
attorney in the prosecutions, ap-
peared in court guarded by "Tuck"
Thompson, of Bridgeport, who
stays with him almost constantly.
Friends of the judge, too, are assist-
ing in guarding him. This state of
affairs arises from threats of bodily
harm which have been made by a
brother of Barney Divine and other
friends of the latter. The judge was
shadowed for several nights and his
friends were greatly alarmed. There
was great indignation over this, and
if the judge should be harmed swift
justice might be meted out to his as-
sailants.

LIABLE TO DISEASE.

Tobasco Sauce May Have So
Made Booz's Throat.

ONE PHYSICIAN SO TESTIFIED.

Four Members of Booz Family Among
Witnesses—Ex-Mayor Breth, of Altoona,
Pa., May Be a Witness Before the Con-
gressional Committee Today.

Philadelphia, Jan. 5.—The Booz
congressional committee, which was
recently appointed by Speaker Hen-
derson for the purpose of making in-
quiry into the cause of the death of
Oscar Booz at West Point and to in-
vestigate hazing at the military acad-
emy, began the taking of testimony.
Three sessions were held. The com-
mittee, which consists of Charles
Dick, of Ohio, chairman; E. H.
Driggs, New York; Irving P. Wanger,
Pennsylvania; B. T. Clayton, New
York, and W. I. Smith, Iowa, went to
Bristol, Pa., the home of the Booz
family, and heard the testimony of
four members of that family. Four
physicians who attended Oscar Booz
were heard and last night in Phila-
delphia two more physicians and two
other witnesses were given an oppor-
tunity to tell what they knew of the
case.

Most of the evidence adduced has
already been brought out by the mil-
itary board of inquiry, appointed by
the war department. Probably the
most important point learned was the
fact that one of the physicians had
attended Oscar Booz for acute laryn-
gitis previous to his going to West
Point. The administration of tobacco
sauce, it was testified by a throat ex-
pert, was sufficient to cause an irri-
tation of the effected part of the
larynx, which would have made Booz
liable to the lodgment of tuberculosis
germs. A physician who examined the
cadet previous to his entrance to
West Point testified that his lung ex-
pansion was not normal, and that he
was not what might be termed a good
specimen of physical manhood. A
great mass of medical testimony was
heard in relation to Booz's general
physical condition.

The congressional committee will
again go to Bristol today to hear
other witnesses and later in the day
will sit in this city. Ex-Mayor Breth,
of Altoona, Pa., whose son, it is al-
leged, died from an ailment indirectly
due from hazing at West Point, and
former Cadet Burnham, of Kentucky,
a classmate of Booz, may appear be-
fore the committee today.

Annapolis, Md., Jan. 5.—A search-
ing inquiry was held at the naval
academy by the senior medical offi-
cer, the officer in charge of the ships,
and the commanding officer of the
marines into the charges of ill treat-
ment made by friends of Private Ma-
rine Hobart Green, who died on
board the Santee, Dec. 14. The re-
port has gone to the navy depart-
ment. It was proved conclusively
that there was nothing in the charge
of ill treatment and neglect preferred
by friends of the young man, to which
it was claimed Green was subjected
to while suffering from pneumonia.

After the statements it was deemed
unnecessary to appoint an investiga-
tion board. The facts showed that
Green had the best of care, excellent
medical treatment and every atten-
tion during his illness.

DECEPTION BY CHINESE.

Discovered That Some Notes Were Raised
in Indemnities Paid For Mis-
sions Destroyed.

Shanghai, Jan. 5.—The French in-
tended to send a force overland from
Tonkin to Chen Tu should the Chi-
nese court go there.

"It is reported on the best author-
ity," said the Chinese newspaper,
Chung Wei Jih Pao, "that a foreign
power, probably the British, will re-
sort to force, first seizing Chu Nan,
unless the persons guilty of the mas-
sacre of Christians at Chue Now are
beheaded."

It was considered possible that Sir
Ernest Mason Satow, British minis-
ter to China, was moving in the Chue
Now affair.

Among the bank notes which the
Chinese paid to the foreign consuls
as indemnity for the missions de-
stroyed at She Klung were 5-pound
notes that had been raised to 15-
pound notes and 10-pound notes that
had been raised to 100-pound notes.

Ebony was esteemed as an article of
luxury by the ancients. In India it
was employed by kings for scepters
and images and as it was supposed to
annul the power of poisons was often
made into drinking cups.

After Marriage

They are going to be together just as
much as before; going to ride the wheel,
take little pleasure jaunts, etc., enjoying
everything together. Isn't that what
many a young couple promise each
other? And yet, how very soon the
wife begins to say

"No, I don't think
I care to go. You
go alone, dear."
Young women don't
reckon on the great
physical changes
which follow mar-
riage. How can
they when they are
allowed to grow up
in entire ignorance
of vital physiological
facts? They feel
languid, weak and
nervous. Sometimes
there is headache
and backache. The
pulse no more leaps
in answer to the
thought of a spin on
the wheel. Women
who have used Dr.
Pierce's Favorite
Prescription, know
how promptly the
languor, headache,
backache, nervous-
ness and weakness
are cured by this
medicine. Many
husbands write in
gratitude to Dr. Pierce for the medicine
which gives them back the wife's compan-
ionship, as it gives her back her health.

"All praise is due to you for your wonderful
'Favorite Prescription,' writes Mr. John W.
Coffman, of Hillsburg, Casey Co., Ky. 'My wife
suffered with female irregularity, was confined
to bed every three weeks. After using two bot-
tles of Dr. Pierce's Favorite Prescription she
was cured, and has not suffered any derange-
ment since. Your 'Favorite Prescription' is
a boon to delicate women.'"

There is no alcohol in "Favorite Pre-
scription," and it is entirely free from
opium, cocaine and all other narcotics.
